20 July 2015

Dear Mr Wright

We recently received a Taxi Test Inspection Report from you with reference the White Vauxhall Zafira registration number CX13 TPY.

The inspection was carried out on 14 July 2015. From our records I have noticed that this inspection was actually due on 07 July 2015. Which means that the Taxi test was a week overdue?

I am sure that this was an oversight on your part as you have always provided us with documentation in a timely manner in the past.

Please be aware that the next Taxi Test for this vehicle will be due on the 07 January 2016.

Many Thanks for your cooperation with this matter

Yours sincerely,

J. Taylor
Licensing Officer
Mid Devon District Council

Requests for alternative formats will be considered on an individual basis.

4 May 2016

Dear Mr. Wright

I spoke to you last week concerning a vehicle insurance policy which from our records we had failed to receive. You quickly provided us with a current policy and we were able to update our records accordingly.

I note from our records that I previously wrote to you on 20 July 2015 with regards to a Taxi Test which was carried out late.

I hope you can appreciate that from our perspective, it's important we receive documentation in time so we can ensure drivers are operating lawfully and vehicles are safe for the public to use.

You told me that you had previously provided us with this insurance document but the licensing team must have had failed to receive it. I would recommend that in future when you provide us with a document you should ask our customer first team for a date stamped copy of the document so as you are able to demonstrate that you submitted the required document on time.

I must inform you that this letter will stay on file and may be taken into consideration should documents be submitted late in the future. Should this issue occur again, it could end up with the licence being suspended / revoked or alternatively, the matter being referred to a Regulatory Sub-Committee.

Thomas Keating

From: chrisscars <ccofbampton@aol.com>
Sent: 16 June 2016 12:07
To: Thomas Keating
Subject: Chris's Cars late paper work

Good Morning Tom,
I hope you are well?
I thought I would send you an email regarding our telephone conversation the other day.
First off , once again I would like to apologise for the delay in getting my taxi test certificates to you, there are no excuses for this just reasons, being on my own most of the time and taking bookings I try to get around to bringing the paper work in to you, then work go's crazy and before I know it i have forgotten about what is needed by myself to have all paperwork that you require in on time with no exception, I am very aware of what Is required by myself, but between work , family life I do forget and it is not till you are forced to call me regarding the matter that I remember, as you are aware as soon as you do call the paper work in question is with you ASAP, as I've said these are reason and not excuses.
I am now putting in measure to insure this no longer happens, when any paper work or information is required by you my part time driver has said he will happy cover any work that comes in when I need to get anything to you,
i.e taxi test day he will cover so I can get the certificate stright up to you when it's Done,
Also as of the beginning of the new autumn school term my youngest starts full time school and my partner will be starting work for me to cover all the paperwork side of things , so if I myself can't get any thing to you she will be dealing with it.
I hope these new measures will ensure that this STOPS and there are no more set backs regarding any paper work when you need it,
I do respect and understand the rules regarding this matter and once again I can only apologise that it has gone this far.
It was good to talk to you the other day and I look forward to your reply Tom.
Many thanks
Regards
Chris
