FINANCIAL UPDATE FOR THE TEN MONTHS TO 31 JANUARY 2014

Cabinet Member Cllr Neal Davey **Responsible Officer** Head of Finance

Reason for Report: To present a financial update in respect of the income and expenditure so far in the year.

RECOMMENDATION(S): The PDG note the financial monitoring information for the income and expenditure so far in the year.

Relationship to the Corporate Plan: The financial resources of the Council impact directly on its ability to deliver the corporate plan; prioritising the use of available resources brought forward and any future spending will be closely linked to key Council pledges from the updated Corporate Plan.

Financial Implications: Good financial management and administration underpins the entire document.

Legal Implications: None.

Risk Assessment: Regular financial monitoring information mitigates the risk of over or underspends at year end and allows the Council to direct its resources to key corporate priorities.

1.0 Introduction

- 1.1 This report seeks to inform Cabinet of our current financial status and to highlight potential ramifications to the medium term financial plan, looking into the future. It embraces both revenue, in respect of the General Fund and Housing Revenue Account, and capital.
- 1.2 This report only includes budget variances in excess of £10k as the purpose of the report is to focus on material issues that may require further investigation/action.

2.0 Executive Summary of 2013/14

2.1 The table below shows the opening position of key operational balances of the Council, the forecasted in year movements and final predicted position at 31 March 2014.

Usable Reserves 31/03/2013		Forecasted in year movement	31/03/2014	
	£k	£k	£k	
Revenue				
General Fund – see note	-2,623	-103	-2,726	
Housing Revenue Account	-1,968	-743	-2,711	
Capital				
Major Repairs Reserve	-47	33	-14	
Capital Receipts Reserve	-477	134	-343	
Capital Earmarked Reserve	-930	794	-136	

Note – the 2013/14 General Fund revenue budget required £150k from balances however after Full Council formally approved the budget an extra £69k of Central Government funding was confirmed. This would therefore still result in £81k being taken from balances if all other expenditure was in accordance with approved budgets.

3.0 The General Fund Reserve

- 3.1 This is the major revenue reserve of the Council. It is increased or decreased by the surplus or deficit generated on the General Fund in the year. This reserve held a balance of £2,623k as at 31/03/13.
- 3.2 The forecast General fund surplus for the current year is £103k as shown at Appendix A. The highlighted main changes since the last report comprise:
 - The monies recovered in respect of last year's elections have been greater than first anticipated (£15k);
 - Franked mail costs have reduced as a result of the "Clean Mail" initiative (£15k);
 - The collection rate associated with our housing DARS (Deposit and Repayment Scheme) has been better than we originally budgeted (£12.5k);
 - Court costs incurred in recovering lost income within Revenues and Benefits is also £12k better than budgeted;
 - and building control income shows further deterioration (£10k).
- 3.3 Major variances are highlighted at Appendix B. The current incomes from our major funding streams are shown at Appendix C, whilst current employee costs are shown at Appendix D.

4.0 Housing Revenue Account (HRA)

- 4.1 This is a ring-fenced account in respect of the Council's social housing function. Major variances and proposed corrective action are highlighted at Appendix F.
- 4.2 Appendix E shows that the reserve opening balance is £1,968k. A forecast underspend of £743k would leave the available balance at £2,711k.
- 4.3 The largest variance forecast is a £392k surplus in Repairs. The main reason for this is that £180k has been earmarked to be spent on Adaptation work, which will be carried out by the HRA's operatives. Since this was not budgeted for, a significant surplus will be generated. In addition, additional work carried out by the DLO has been delivered with lower additional costs than expected.
- 4.4 Another significant surplus (£112k) is generated by the loan arrangements between the General Fund and the HRA. It was expected that £5m would be borrowed by the HRA, but so far there has only been the need to borrow £3m. The remaining £2m should be borrowed during 2014/15.

5.0 Major Repairs Reserve

5.1 The Major Repairs Reserve had a balance of £47k at the 31 March 2013. This year's expenditure projects a closing balance of £14k before any slippage detailed in App G.

6.0 Capital Programme

- 6.1 The status of this year's capital programme, which includes slippage of £2,228k from 2012/13, is shown at Appendix G.
- 6.2 The Capital Programme has been grossed up from £10,079k to £10,254k, to reflect the £175k project for Lords Meadow All Weather Pitch; this will be funded by a grant from Sport England of £87k and matched with Usable Capital Receipts of £88k.
- 6.3 Committed and Actual expenditure is currently £5,170k against a budgeted Capital Programme of £10,254k.
- 6.4 The forecasted slippage figure is currently £3,925k; in the main this relates to:

Council House building projects	£1,660k
Private Sector Housing Grants	£820k
Affordable Housing Projects	£198k
Major Repairs of Council Houses	£511k
ICT Projects	£164k
Economic Development Projects	£150k
EVLC Additional Car Parking	£85k

7.0 Capital Earmarked Reserve

7.1 The Capital Earmarked Reserve has been set aside from Revenue to fund Capital Projects; the movement on this reserve is projected below:

Forecast Balance at 31 March 2014	(136)
Capital Earmarked Reserve at 1 April 2013 Funding required to support 2013/14 Capital Programme	(930) 794

 $^{^{\}star}$ When the budget was set, it was uncertain what effect Welfare reform would have on MDDC in 2013/14. There has been no significant effect to date. If MDDC were to suffer financial loss as a result of Welfare Reform, it will reduce the figure above of £1,895k that can be contributed to reserves.
