

Public Question Time

Ashley Wilce

Minute 162 Extract

Cllr A Wilce expressed that the constitution required that unanswered questions are reported to the next relevant meeting but having looked at all the papers that's not included in any of them. Cllr Wilce asked for an explanation as to why that might be. To which the District Solicitor & Monitoring Officer explained that this would be looked into.

Answer

A response has already been provided to Mr Wilce on 22 May 2023. However, to add to my earlier response any unanswered questions are responded to in writing and the responses are placed on the website along with the minutes and sent to all Cllrs. The questions/responses are not read out but rather committee is pointed to the responses on the website.
