

DECISION RECORDING FORM

DECISION: Introduce an overall rise of Building Control fees by 3% for April 2022.

Maintain cost recovery for Building Control activity. Building Control fees were last changed in April 2020 and this change keeps fees in line with general inflation. Inflation in the construction sector is currently disproportionately high due to material costs and there is upward pressure on service costs due to the impact of changing legislation including increased insurance costs.

Maintain cost recovery for Building Control activity. Building Control fees were last changed in April 2020 and this change keeps fees in line with general inflation. Inflation in the construction sector is currently disproportionately high due to material costs and there is upward pressure on service costs due to the impact of changing legislation including increased insurance costs.

REASON FOR DECISION:

No decision made.
