# **Public Document Pack**

# **Mid Devon District Council**

# **Economy Policy Development Group**

Thursday, 13 July 2017 at 5.30 pm Exe Room, Phoenix House, Tiverton

Next ordinary meeting Thursday, 7 September 2017 at 5.30 pm

Those attending are advised that this meeting will be recorded

# Membership

Cllr Mrs A R Berry Cllr Mrs C Collis Cllr J M Downes Cllr R Evans Cllr S G Flaws Cllr T G Hughes Cllr Mrs B M Hull (Chairman) Cllr F J Rosamond Cllr Mrs N Woollatt

# AGENDA

Members are reminded of the need to make declarations of interest prior to any discussion which may take place

### 1 Apologies and Substitute Members

To receive any apologies for absence and notice of appointment of substitutes.

### 2 **Public Question Time**

To receive any questions relating to items on the Agenda from members of the public and replies thereto.

### 3 **Minutes** (Pages 5 - 10)

To approve as a correct record the minutes of the previous meeting (copy attached).

### 4 Chairman's Announcements

To receive any announcements that the Chairman may wish to make.

### 5 Mid Devon Attractions Association

To receive a presentation from the Mid Devon Attractions Association.

### 6 **Tourism initiatives**

To receive a verbal update from the Economic Development Team Leader on various tourism initiatives including the Visit Devon partnership and the Mid Devon Destination Management Plan.

### 7 **Performance and Risk** (Pages 11 - 18)

To receive a report from the Director of Growth and Chief Executive providing Members with an update on performance against the Corporate Plan and local service targets for 2017/18 as well as providing an update on the key business risks.

### 8 **Revenue and Capital Outturn 2016/17** (Pages 19 - 54)

To receive a report from the Director of Finance, Assets & Resources presenting the revenue and capital outturn figures for the financial year 2016/17.

### 9 Mills Project

To receive a presentation on the Mills Project.

### 10 **Economic Development Service update** (Pages 55 - 58)

To receive a report from the Director for Growth updating Members on progress with key Economic Development Service priorities.

# 11 Growth, Economy & Delivery Business Plan 2017-18 (Pages 59 - 62)

To receive a report from the Director for Growth informing Members of the updated service plan for 2017-18.

### 12 Identification of items for the next meeting

Members are asked to note that the following items are already identified in the work programme for the next meeting on 7 September 2017:

- Economic aspirations of the Council follow up to the Peer Review
- Economic Strategy initial discussions
- Amenity Car Parks

- Market Policy
- Mid Devon Destination Management Plan & Action Plan
- Economic Briefing on Digital Economy & Technology

<u>Note</u>: This item is limited to 10 minutes. There should be no discussion on the items raised.

Stephen Walford Chief Executive Wednesday, 5 July 2017

Anyone wishing to film part or all of the proceedings may do so unless the press and public are excluded for that part of the meeting or there is good reason not to do so, as directed by the Chairman. Any filming must be done as unobtrusively as possible from a single fixed position without the use of any additional lighting; focusing only on those actively participating in the meeting and having regard also to the wishes of any member of the public present who may not wish to be filmed. As a matter of courtesy, anyone wishing to film proceedings is asked to advise the Chairman or the Member Services Officer in attendance so that all those present may be made aware that is happening.

Members of the public may also use other forms of social media to report on proceedings at this meeting.

Members of the public are welcome to attend the meeting and listen to discussion. Lift access to first floor of the building is available from the main ground floor entrance. Toilet facilities, with wheelchair access, are also available. There is time set aside at the beginning of the meeting to allow the public to ask questions.

An induction loop operates to enhance sound for anyone wearing a hearing aid or using a transmitter. If you require any further information, or

If you would like a copy of the Agenda in another format (for example in large print) please contact Sarah Lees on:

### MID DEVON DISTRICT COUNCIL

**MINUTES** of a **MEETING** of the **ECONOMY POLICY DEVELOPMENT GROUP** held on 18 May 2017 at 6.00 pm

Present Councillors	Mrs B M Hull (Chairman) Mrs A R Berry, Mrs C Collis, J M Downes, R Evans, S G Flaws, F J Rosamond and Mrs N Woollatt
Also Present Councillor	R J Chesterton
Present Officers	Stephen Walford (Chief Executive), Jill May (Director of Corporate Affairs and Business Transformation), John Bodley-Scott (Economic Development & Regeneration Manager), Alan Ottey (Tiverton Town Centre and Market Manager) and Sarah Lees (Member Services Officer)

### 1 Election of Chairman for 2017/18 (Vice Chairman of the Council, in the Chair)

**RESOLVED** that Cllr Mrs B Hull be elected Chairman of the Group for the municipal year 2017/18.

Cllr Mrs B M Hull then took the Chair.

### 2 Election of Vice Chairman for 2017/18

**RESOLVED** that Cllr R Evans be elected Vice Chairman of the Group for the municipal year 2017/18.

### 3 Apologies and Substitute Members

There were no apologies for absence.

### 4 **Public Question Time**

There were no members of the public present.

### 5 Minutes

The minutes of the meeting held on 16 March 2017 were confirmed as a true and accurate record and **SIGNED** by the Chairman.

### 6 Chairman's Announcements

The Chairman welcomed Cllr Mrs C A Collis as a new Member to the Group. She hoped that she would find it enjoyable and interesting.

### 7 Performance and Risk for 2016-17

The Group had before it, and **NOTED**, a report \* from the Director of Growth and Chief Executive providing it with an update on performance against the Corporate Plan and local service targets for 2016/17 as well as providing an update on the key business risks.

The contents of the report were outlined with the following areas being highlighted:

- The number of business rate accounts was up on the target figure for the year which was seen as positive.
- The number of Apprentice starts was lower than targeted for.
- Up until the end of March 2017 the number of empty shops across the district was below what had been expected which was seen as being very positive, however, in recent weeks the number had increased in Tiverton and Cullompton.
- Unfortunately commencement of the cleaning contract for the Pannier Market had been delayed in order to procure as part of a wider process incorporating the entire corporate estate (to achieve better value). However, essential cleaning had taken place.

Discussion took place regarding:

- The types of Performance Indicators that would best reflect Corporate Plan targets, for example, levels of unemployment or the number of business sites available.
- The Peer Review had focussed very much on economic issues.
- Service managers were being tasked with thinking about future activities and how these could be measured against the agreed set of corporate objectives.

Note: \* Report previously circulated, copy attached to the signed minutes.

# 8 Apprenticeship Levy Briefing

The Group had before it, and **NOTED**, a briefing paper \* from the HR Group Manager providing an overview of the Apprenticeship Levy. The Director of Corporate Affairs and Business Transformation explained that as from April 2017 the way the Government funded apprenticeships in England were changing. Employers with a pay bill over £3 million were expected to pay 0.5% of their pay bill towards a new 'Apprenticeship Levy' to be spent purely on apprenticeship standards to increase skills within the workplace. For Mid Devon District Council this meant that the amount it had to pay would be approximately £50k per year. The Council had 24 months to spend the money otherwise it would be returned to central Government.

It was further explained that the amount of money the Council had to pay might go up simply because it employed more apprentices. It did mean that the pot of money could be used for additional staff development as it was not age related. The Council was working with Petroc on this and the scheme was still very much in the early stages.

Discussion took place regarding:

- Apprentices were able to gain a qualification such as a BTEC at the end of their apprenticeship.
- Often apprentices were able to apply for positions within the Council at the end of their placements.
- Many businesses considered having an apprentice as the norm.
- Mid Devon District Council apprentices had been asked for their views on how to attract younger people to work for the organisation.

Note: \* Briefing paper previously circulated, copy attached to the signed minutes.

# 9 Feasibility of running a Farmers Market in Tiverton

The Group had before it a report \* from the Town Centre and Market Manager providing Members with information on the feasibility of holding a 'Farmers Market' in Tiverton Market and to appreciate the implications and to decide which option should be adopted.

The officer outlined the contents of the report which included the following:

- The need to analyse the customer base, footfall within the town and local demographics.
- Ascertain whether there was a desire for a Farmers Market. What publicity would be needed and how to attract customers.
- Other questions that needed answering included:
  - What would be the best day of the week to hold it on?
  - Mid week or weekend?
  - How would traders be recruited?
  - When would restocking take place?
  - How 'local' is 'local'?
  - Should there be more encouragement to trade farmers produce at the normal market?
- Resources were very limited.
- A number of options were available ranging from doing nothing to sourcing a private operator.

Discussion took place regarding:

- The need to avoid competition with other Farmers Markets in other towns within the district. The Cullompton Framers Market had declined in recent years and any competition with Tiverton would not be beneficial. Days and times of any potential new markets would need to be a crucial consideration so as to avoid clashes.
- Quality produce would be a key factor in attracting customers.
- There was a general consensus that Sunday was not a good day to hold a market.
- Promotion and publicity costs.

- The potential benefits of using social media as an advertising tool.
- Possible missed opportunities to work with Cullompton and Crediton by inviting them to the British Street Foods Awards on Sunday 21<sup>st</sup> May.
- A minimum number of traders in the region of 12 to 15 would be needed to make a venture viable.

**RECOMMENDED** to the Cabinet that trade on the normal retail market be encouraged to encompass all goods and produce found on a Farmers' Market and promote it as part of the offer of Tiverton Pannier Market.

(Proposed by Cllr Mrs N Woollatt and seconded by Cllr F J Rosamond)

<u>Note</u>: (i) \* Report previously circulated, copy attached to the signed minutes.

(ii) Cllr S Flaws requested that his vote against the decision be recorded.

### 10 Economic Development Service Update

The Group had before it, and **NOTED**, a report \* from the Chief Executive and Director of Growth updating Members on progress with key Economic Development Service priorities.

Additional information was provided in relation to the following projects:

### Mills / Hydro Project

Developments in this area fitted in well with the need to look at higher productivity projects. This was an exciting area of development both nationally and internationally. A Business Plan was being developed and an application would be made for European funding at the end of May 2017.

### Broadband

It was now clear that Connecting Devon and Somerset (CDS) was not meeting the needs of rural districts. Conversations were taking place regarding another scheme but there was nothing to report at the moment. The plea for reliable Broadband was reiterated as it was severely affecting businesses in rural wards. It was stated that consideration was being given to inviting an officer from Devon County Council to come and give a Member briefing by way of an update to Members.

### Cullompton Springfest and Electric Nights

Both these events had been very successful. The South West heat of the British Street Food Awards would be held at the Tiverton Pannier Market on 21<sup>st</sup> May 2017.

A brief discussion took place regarding the positive nature of the report and how exciting some of the opportunities presented within it were.

Note: \* Report previously circulated, copy attached to the signed minutes.

## 11 Manufacturing and Engineering Sector - Briefing Paper

The Group had before it, and **NOTED**, a report \* from the Economic Development and Regeneration Manager regarding the Manufacturing and Engineering Sectors within Mid Devon. This report was one of a series that considered the employment and economic value of various sectors of the Mid Devon economy.

The contents of the report were outlined with the following information being highlighted:

- Mid Devon was strong in this area compared to other districts.
- The main areas of manufacturing activity were in the food and drink sector, textiles, paper and paper products and metal fabrication.
- Some of the largest companies working in the district were at the top end of their markets and trading globally.
- However, the high proportion of food and drink businesses within the sector which leaves manufacturing vulnerable.
- Because of the heavy reliance on the food and drink industry there were pressures on other areas of the manufacturing industry.
- The introduction of more technology would inevitably reduce employment within this sector.

Note: \* Report previously circulated, copy attached to the signed minutes.

### 12 **Tiverton Shopfront Facelift Grant Scheme**

The Group had before it, and **NOTED**, a report \* from the Chief Executive and Director of Growth updating Members on the progress of the Town Shopfront Enhancement Schemes.

The Tiverton Shopfront Facelift Grant Scheme was set up in 2015 with £15k from the High Street Innovation Fund to provide small grants to encourage shop-owners / tenants to improve the physical state and visual appearance of their shopfronts in order to enhance the retail environment and preserve conservation features.

Currently, there was approximately £10k uncommitted spend within the scheme. The Town Centre Manager continued to promote the scheme through his regular newsletter and in liaison with the Conservation Officer to target specific properties for improvement.

Note: \* Report previously circulated, copy attached to the signed minutes.

### 13 High Street Innovation Fund

The Group had before it, and **NOTED**, a report \* from the Chief Executive and Director of Growth updating Members on the completion of the High Street Innovation Fund phase 2. A summary of the projects which had been supported was provided within the report. It was explained that the Fund was now fully allocated and the programme was now closed.

Note: \* Report previously circulated, copy attached to the signed minutes.

# 14 Feedback from the Cabinet Member of Planning and Economic Regeneration walking leaflets

The Cabinet Member for Planning and Economic Regeneration provided the Group with the rationale behind the recent Cabinet decision regarding walking leaflets. He explained that there had been a long discussion at the Cabinet meeting but one or two other Cabinet Members had considered that the walking guides could be developed in parallel with the other tourism work that was planned reducing the need for additional resource. The Group were informed that some of the guides, which were still relevant and up to date, had recently been welcomed by some parishes and had been brought back into use.

Discussion took place regarding:

- The external facades of some industrial units in rural landscapes being very visible and out of keeping with the surroundings. The Cabinet Member stated that once the Local Plan process had been progressed the Planning Department would consider this as part of the Design Guide for the district. He stated that an appropriate design guide was just as important for industrial units as it was for houses.
- The disappointment by some Members of the Group with the Cabinet decision. They had felt that resources needed to be focussed in other areas particularly the projects listed in the Economic Development report discussed earlier in the meeting.
- Other Members of the Group had considered that the walking leaflets had presented an opportunity to raise revenue by advertising and it had been considered essential to have a tourism guide and website.
- It was pointed out by the Chief Executive that there had still been no change to the underlying resource available to progress this work.

### 15 Start time of meetings

The Group **AGREED** to hold future meetings of this Group at 5.30pm during the remainder of the municipal year.

### 16 Identification of items for the next meeting

In addition to the items already listed in the work programme the following was requested to be on the agenda for a future meeting:

- Green screening for industrial estates (for consideration at some point in the next 12 months).
- Peer Review comments in relation to the Council's economic aspirations (for the 7 September 2017 meeting).

(The meeting ended at 7.35 pm)

### CHAIRMAN

# Agenda Item 7

ECONOMY PDG 13 JULY 2017

### PERFORMANCE AND RISK FOR 2017/18

Cabinet Member	Cllr Richard Chesterton			
Responsible Officer	Director of Growth & CEO, Stephen Walford			

**Reason for Report:** To provide Members with an update on performance against the corporate plan and local service targets for 2017/18 as well as providing an update on the key business risks.

**RECOMMENDATION(S):** That the PDG reviews the Performance Indicators and Risks that are outlined in this report and feeds back any areas of concern to the Cabinet.

**Relationship to Corporate Plan:** Corporate Plan priorities and targets are effectively maintained through the use of appropriate performance indicators and regular monitoring.

Financial Implications: None identified

### Legal Implications: None

**Risk Assessment:** If performance is not monitored we may fail to meet our corporate and local service plan targets or to take appropriate corrective action where necessary. If key business risks are not identified and monitored they cannot be mitigated effectively.

Equality Impact Assessment: No equality issues identified for this report.

### 1.0 Introduction

- 1.1 Appendix 1 provides Members with details of performance against the Corporate Plan and local service targets for the 2017/18 financial year.
- 1.2 Appendix 2 shows the section of the Corporate Risk Register which relates to the Economy Portfolio. See 3.0 below.
- 1.3 Appendix 3 shows the profile of all risks for the Economy Portfolio for this quarter.
- 1.4 All appendices are produced from the corporate Service Performance And Risk management system (SPAR).

### 2.0 Performance

2.1 For **Empty shops**, which were counted at the start of Q1, in April 2017, the position has deteriorated from last year when all three PIs met or were better than target.

- 2.2 We have identified a new measure: **Return on commercial portfolio** with the target being to exceed 7.5% gross, this will be an annual figure. Last year's actual is entered as a point of comparison, this was 8.6% for 2016/17 but one large unit in Market Walk is empty at the moment so this year's return will be lower.
- 2.3 The target for the number of **Apprentice starts** is the government target of 2.3% of FTEs. We had 9 apprentices @ 31 March 2017 with 5 starters during 2016/17, we haven't had any new apprentices so far this year but they would tend to start at the beginning of the academic year.
- 2.4 There will be statistics to reflect the general state of MDDC's economy available from time to time.

### 3.0 Risk

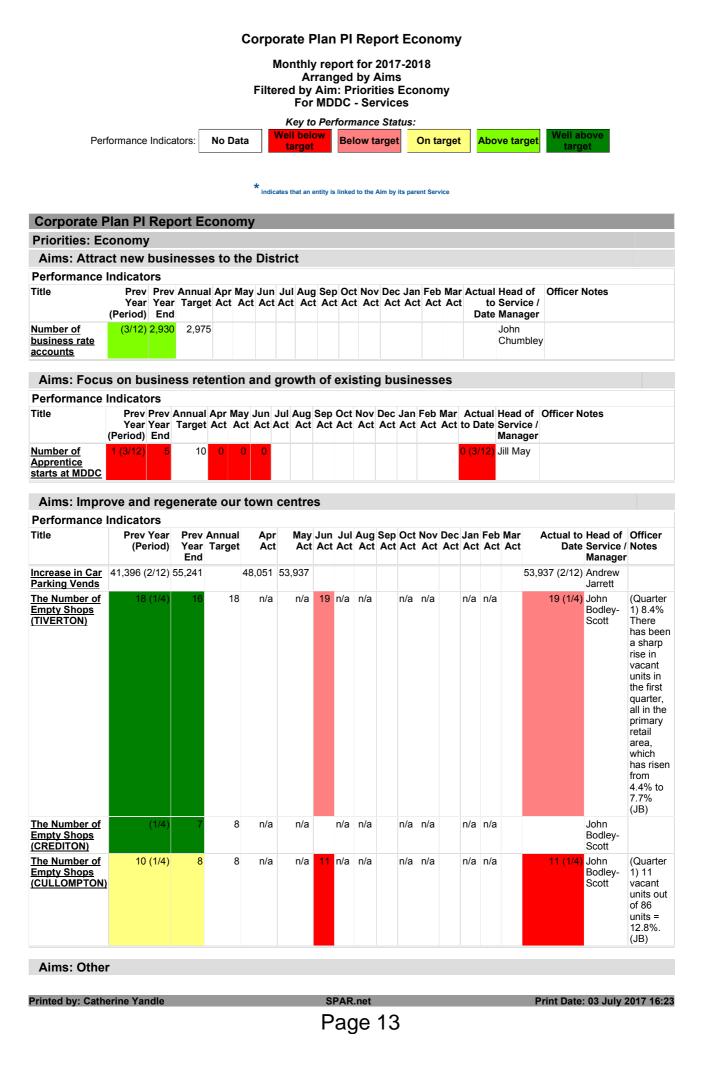

- 3.1 The Corporate risk register has been reviewed by Management Team (MT) and updated. Risk reports to committees include risks with a total score of 10 or more. (See Appendix 2)
- 3.2 Appendix 3 shows the risk matrix for MDDC for this quarter. If risks are not scored they are included in the matrix at their inherent score which will be higher than their current score would be.

### 4.0 Conclusion and Recommendation

4.1 That the PDG reviews the performance indicators and risks for 2017/18 that are outlined in this report and feeds back any areas of concern to the Cabinet.

PDG July 2017

### **REVENUE AND CAPITAL OUTTURN 2016/17**

Cabinet MemberCllr Peter Hare-ScottResponsible OfficerDirector of Finance, Assets & Resources: Andrew Jarrett

**Reason for Report:** To present the revenue and capital outturn figures for the financial year 2016/17.

**RECOMMENDATION(S):** That PDG note the contents of the report.

**Relationship to the Corporate Plan**: The financial resources of the Council impact directly on its ability to deliver the corporate plan prioritising the use of available resources carried forward from 2016/17. All future spending will be closely linked to key council pledges from the updated corporate plan.

**Financial Implications:** Good financial management and administration underpin the entire document.

Legal Implications: None.

**Risk Assessment:** Regular financial monitoring information mitigates the risk of over or underspends at year end and allows the Council to direct its resources to key corporate priorities.

### Executive Summary of 2016/17 Income and Expenditure

The table below gives an overview of the movements during the year on the key operational balances of the Council and then shows the closing cash position which will be reflected in the end of year Accounts. (Note - These movements assume that all proposed recommendations are agreed, except for the General Fund balance.)

	31/3/16	In year	31/3/17
		movement	
General Fund	(£2,211k)	(£30k)	(£2,241k)
Housing Revenue Account	(£2,000k)	£0k	(£2,000k)

### 1.0 Introduction

- 1.1 The Council has continued its strategic decision to reduce costs, without adversely affecting service delivery, evidenced by the on-going commitment to further reduce employee costs (especially in back office services) during the year improve efficiencies and maximise income opportunities. This strategy has seen us deliver an overall General Fund (GF) surplus of £30k (see Appendix 1).
- 1.2 During the budget setting process we continue to ensure that revenue budgets are set on a robust basis and take a prudent view of the likely levels of income and expenditure.

1.3 Members of the Audit Committee should note that the outturn report is basically a set of management reports that show the final cash related position on all service areas. The Finance Team then have to turn these management reports into the statutory financial statements which are subject to a wide number of complex accounting rules that often significantly change the final picture of a service's financial position for the year. However, it is important to note that the bottom-line profit or loss for the year remains constant.

### 2.0 The General Fund Reserve

- 2.1 This is the major revenue reserve of the Council. It is increased or decreased by the surplus or deficit generated on the General Fund in the year. This reserve held a balance of £2,211k as at 31/03/16. In 2016/17, a small surplus has occurred after accounting for all necessary transfers to/from Earmarked Reserves (EMRs).
- 2.2 Detailed budget monitoring reports were provided to both senior managers and members throughout 2016/17. This monitoring focused on significant budget variances (+/- £10k), included remedial action where necessary and estimated an overall outturn position. The final written monitoring report considered by the Cabinet gave a detailed position at 31 December 2016 and predicted an end of year deficit of £64k for the General Fund. Therefore the final position improved by £94k.
- 2.3 The table below shows the overall budget, actual and variance, summarised for 2016/17.

Service	2016/17 Budget £	2016/17 Actual £	Variance £
Total Cost of Services	9,551,510	10,049,664	498,154
Total Budgeted Expenditure	(982,000)	(1,500,472)	(518,472)
TOTAL FUNDING	(8,569,510)	(8,579,234)	(9,724)
NET INCOME AND EXPENDITURE	0	(30,042)	(30,042)

2.4 A detailed explanation of all the key variances is shown in Appendix 2, service by service. Inevitably, within a service, there are often variances which compensate. Some areas may create savings which in turn can be partly or fully offset by overspends elsewhere. In this report we have tried to highlight the major movements to enable Members to appreciate the more significant trends within each service area.

Note – where any of the above variances were deemed to be recurring, the 2017/18 budget was adjusted accordingly.

2.5 The overall effect of the 2016/17 financial year would result in a General Fund Balance of  $\pounds 2,241k$  which is marginally higher than the Council's own temporary minimum requirement of  $\pounds 8.531 \times 25\% = \pounds 2,133k$  (agreed by Full Council).

2.6 In addition to the GF Balance, the Council holds a number of Ear Marked Reserves (EMRs) which are used to help make provision for known future expenditure commitments which will require funding in 2016/17. The net movement of £1,664k into these reserves and the end of year balances held on them are shown in Appendix 4.

## 2.7 Market Walk and Fore Street Shops, Tiverton

Members will no doubt be keen to see the second year's result's following the acquisition of the shops in March 2015. The return on investment has dropped slightly compared to 2015/16 (4.5%) due to an increase in vacant units during 16-17. The various elements are shown in different areas of the Income and Expenditure account but the overall position is as follows:

Net income for year	(172) ====
Net rental income after expenses (Shown within property Services committee) Interest payable on Public Works Loan Board Ioan Statutory capital Financing (over 50 years)	(360) 105 83
	<u>£k</u>

This income equates to an approximate return of **4.1%** (172k/4,173k), net of borrowing costs.

### 3.0 Housing Revenue Account (HRA)

- 3.1 This is a ring-fenced reserve in respect of the Council's housing landlord function. It is increased or decreased by the surplus or deficit generated on the HRA in the year. For 2016/17 the outturn is a net surplus of £nil k after the proposed transfers to/from earmarked reserves.
- 3.2 This surplus is explained in paragraph 3.4 and the effect of it on the HRA Balance is shown below.

HRA Balance

HRA balance @ 31/03/16	£	(2,000)k
Budget saving achieved in 2016/17	£	(380)k
Additional transfer to 30yr modernisation programme	£	380k
HRA balance @ 31/03/17	£	(2,000)k

3.3 After the strong closing financial position delivered in 2016/17, it is recommended to transfer a sum of £380k into the Housing Maintenance Fund earmarked reserve. This is in addition to the already budgeted figure of £1,704k. The above position leaves an HRA balance of £2,000k as at 31 March 2017.

- 3.4 The main budget variances during 2016/17 that give rise to the figure of £380k were the £174k underspend generated by the Tenancy teams and the £50k surplus income generated from the Renewable Energy projects. For further details, please see the HRA Outturn Summary for 2016/17, which is attached as Appendix 3 to this report.
- 3.5 In addition to the above, the HRA hold a number of earmarked reserves. The movements on these during 2016/17 and their closing balances are shown on Appendix 4. This money is effectively "ring fenced" and will be held to meet expenditure on projects during 2016/17 and beyond.

### 4.0 The Collection Fund

- 4.1 Mid Devon is a collection authority for council tax and national non-domestic rates, and as such, is required to produce a collection fund account for the Mid Devon area. The Council collects council tax on behalf of Devon County Council, Devon Fire and Rescue Service, Devon & Cornwall Police and the Town/Parish Councils.
- 4.2 The council tax collection rate for 2016/17 was 98.1% (98.1% in 2015/16). This demonstrates how effective our Council Tax section has been in collecting the annual charge in extremely challenging economic times. The Non Domestic Rates collection rate improved to 99.2% for 2016/17 (99.1% in 2015/16).

## 5.0 Capital Outturn

5.1 A capital outturn summary is attached as Appendix 5 to this report. The revised capital budget for 2016/17 amounted to £15,710k. At the year-end we had spent £5,293k leaving the capital programme underspent in total by £10,417k.

Capital receipts of £820k (this includes general useable capital receipts and ring-fenced replacement homes capital receipts) were applied to finance the programme with the balance of the expenditure met by a combination of borrowing, external grants and contributions from reserves.

- 5.2 As shown in Appendix 5 there are capital projects totalling £9,184k which have not been completed as at the 31 March 2017. This expenditure, therefore, needs to be rolled forward to be included in the 2017/18 capital programme. These schemes are still fully funded by either unspent capital grants or by provisions held within capital earmarked reserves. In addition there is £628k relating to Affordable Housing, Private Sector Housing Grants, ICT Projects and Major repairs to our Council House stock including Renewable energy solutions underspends which will be placed in relevant earmarked reserves to fund future capital expenditure in these areas.
- 5.3 The Capital Receipts Reserve (note this includes general useable capital receipts and ring-fenced replacement homes capital receipts) is used to part fund the capital programme the movement on this account for the year is given below:

Balance at 1 April 2016	£k <b>(1,442)</b>
Sale of Council Houses - 28	(1,909)
Sale of HRA Land	(24)
General Fund Sales	(116)
<ul> <li>Pooling of Housing Capital Receipts to Government.</li> </ul>	233
Capital Receipts applied in year	820
Balance at 31 March 2017	(2,438)

Note – the remaining balance of £2,438k is committed in order to fund any slippage, specific projects in ICT and Private Sector Housing and to balance the Capital Medium Term Financial Plan.

5.4 The Capital Earmarked Reserve has been set aside from Revenue to fund capital projects; the balance on this reserve now stands at £471k made up by the following transactions:

Balance at 1 April 2016	£K (567)
Budgeted transfer from the General Fund	(0)
Funding required to deliver the 2016/17 Programme	21
Transfer to Phoenix Lane PC conversion Project EMR	38
Transfer to Flood Defence Ashleigh Park Project EMR	37
Balance at 31 March 2017	(471)

Note – the remaining balance of  $\pounds$ 471k is committed in order to fund any slippage and to balance the Capital Medium Term Financial Plan.

5.5 The council also holds New Homes Bonus which can be used for either Revenue or to support future Capital Programmes, the balance held at 31 March 2017 is £2,458k; again much of this remaining balance is committed to fund any slippage and to balance the Capital Medium Term Financial Plan.

### 6.0 Treasury Management

6.1 A review of the 2016/17 investment performance, including the new CCLA property investment fund and the details of interest payable are included within the separate 2016/17 Treasury Outturn Report.

### 7.0 Conclusion

7.1 Members are asked to note the revenue and capital outturn figures for the financial year 2016/17 and agree the proposed earmarking of surplus funds generated by in year savings from both the GF and the HRA. In addition, Members need to approve the incomplete projects on the 2016/17 capital programme be rolled forward into the 2016/17 capital programme.

# Agenda Item 10

#### ECONOMY PDG 13<sup>TH</sup> JULY 2017

#### **Economic Development Service Update**

Cabinet Member(s):	Cllr Richard Chesterton					
Responsible Officer:	Stephen Walford, Director for Growth					

**Reason for Report:** To update members on progress with key Economic Development Service Priorities

#### **RECOMMENDATION:** That the report be noted

**Relationship to Corporate Plan:** It supports the corporate objectives for the economy.

**Financial Implications:** There are no additional financial implications arising from the report

Legal Implications: None

#### Risk Assessment: None

#### 1.0 Introduction

This report provides an update on the progress of key projects and initiatives developed or supported by the Economic Development team.

#### 1.1 Devon Hydro and Smart Grid Project ('Mills Project')

The 'Devon Hydro & Smart Grid Project' outline application has now been submitted to the Department of Community and Local Government (DCLG) under the Low Carbon programme of the European Regional Development Fund. The outline application will go to their review meeting either on the 30<sup>th</sup> July or the 31<sup>st</sup> October 2017 and therefore we expect an outcome by the autumn. The amount of detailed work that has gone into the outline bid should ensure a relatively quick turnaround between the outcome of the outline application and a full application, so if we were successful, a full application could be submitted by the end of the calendar year, although this would be dependent on their being no substantial issues raised by the appraisers. The total value of the project in the outline bid is £4.2m.

#### 1.2 Commercialisation of Regulatory Services

The commercialisation project is gaining significant interest from across the UK. The Heart of the South West Better Business for All group is focusing on developing a business case that can be taken to all local authorities to gain interest in a pilot rollout of a commercial service linked to regulatory services. An advocates group has been created to oversee this process, which includes a number of public and private sector partners. In the first week of July, a report is due to be distributed to senior management teams and council leaders in each of the HotSW local authorities, giving members and senior staff a better awareness and understanding of the project and keeping them informed of how it is developing.

#### 2.0 Enquiries & Investments

The Economic Development Team has been working closely with the Planning Team over issues arising at Lowman Works, the industrial site adjacent to TESCO in Tiverton. Businesses on the site have been served notice and are now trying to relocate to sites as close as possible to their existing operations. The Economic Development Officer has been offering support to Stenner Ltd, one of our high tech engineering companies, to try and ensure we retain their business and their highly skilled jobs in the district. The team will be meeting with the other businesses on the Lowman site during July to ensure they have the assistance they need.

We will continue to monitor the situation closely, as the local plan submission from the land representatives indicates a desire to develop the site for retail purposes. This follows a recognised national trend in the 'retail-isation' of commercial property, which is not particularly welcomed from an economic development point of view.

During the month we were asked to provide an article for the Western Morning News' Annual Business Guide. The Business Guide has not been published yet as far as I am aware but the article gives a good and up-beat summary of the current economic situation in Mid Devon and is reproduced in full in the attached appendix.

#### 3.1 Electric Nights

The Market held the third of the series of six Electric Nights street events on Saturday 1<sup>st</sup> July 2017. This was a successful event which attracted a larger number of young families than on previous occasions.

A new layout was trialled with bar/refreshments and an acoustic performance area provided in the South Hall. The North Hall was used for bands and seating. This created better movement around the event. This set up worked well and will be replicated next time. Footfall was up on the previous event and the event has now expanded to incorporate more of the regular artisans. The good weather helped to make the evening a success.

The next Electric Nights event is a Pirate Party on 5 August 2017 with Captain Jack Sparrow entertainment, Sea Shanty Pirate Band and Steam Punk cocktail bar. This should be a good event which is already generating a great deal of interest on social media.

#### 3.2 LEADER update

After a flurry of enquiries at the beginning of May, no new projects have come forward over the last two months. Although spend within the programme has been slow, the overall spending profile is about average for similar Local Action Groups. There has been one approval, for an application from G A Mortimer & Sons who will be receiving a grant of £51,010 for high specification farming equipment.

#### 3.3 Blackdown Hills AONB

Linda Bennett, who has been the AONB Manager for the last nine years, will be retiring at the end of July. Interviews were held for her replacement on the 29<sup>th</sup> June and her successor is in the process of being appointed. The announcement of the

successful candidate will be made shortly, and there should be further news by the time of the committee meeting.

#### Appendix A

#### Western Morning News – Annual Business Guide 2017

Mid Devon is proving to be the place to invest in the South West, with sites being bought up and developed all across the district. This last 12 months have seen a high volume of enquiries being landed into the area, and the Council is now working with land owners and developers trying to unlock employment land so that this trend can continue. The M5 corridor in particular is proving popular now that some of the larger employment land allocations have been unlocked. Businesses have grown into Mid Devon from surrounding local authority areas, parts of Wales, Somerset, and Peterborough.

In the past 12 months, every plot on Mid Devon Business Park, Willand has been sold and development has either commenced or is about to commence. Hitchcocks Business Park, near Willand, has grown from a small scale farm conversion into a successful location for some of the district's largest businesses in the manufacturing and distribution sectors. It is also home to the local council's waste services centre.

In Crediton, there have been some notable additions to the high street, including Snobs clothing shop and a Costa Coffee, while businesses on the local industrial estates have expanded, including Graphic Plc which has extended its existing premises to enable it to continue to grow. Mole Avon have started the development of their new site adjacent to the Crediton branch of Tesco, and a large soft play centre, Planet Play, has opened on the edge of town.

In Tiverton, Heathcoat Fabrics continues to thrive and remains the district's largest employer. The company has recently invested in the creation of additional factory space to further expand its activities. At Howdens Industrial Estate, Clarence and Bean, a local fudge making company has grown into new premises, while at Tiverton Business Park, Hepco Motion has built a new advanced storage structure on their site to improve their efficiency and enable growth within their existing facilities.

Cullompton has seen a significant increase in business investment interest, with sites throughout the town being brought forward for development and redevelopment. The Nook, an incubator space for tech and digital businesses based at Kingsmill Industrial Estate, has recently received Devon Work Hub status, and is host to a number of young businesses. In the town centre, the Bakehouse continues to deliver a touch of class, with a quality food and drink selection delivered in a rustic chic setting.

As part of the announcement of the successful Culm Garden Village initiative bid and the North West Cullompton development, the area is set to almost double in size over the next 20 to 30 years. These developments will unlock key transport infrastructure improvements and employment land allocations that will enable future economic development to take place across the town.

Challenges over the next 12 months will include striking the right balance between housing and employment developments, as the district has limited business space available, both in terms of built out premises and business land allocations, until further sites are unlocked.

Councillor Richard Chesterton, the Cabinet Member for Planning and Economic Regeneration said "Exceptionally high employment rates mean that the district needs to focus on attracting businesses that will bring higher skilled jobs to enable career progression, and opportunities that will help to retain young people in the area".

# Agenda Item 11

ECONOMY PDG 13<sup>TH</sup> JULY 2017

#### Growth, Economy and Delivery Business Plan 17-18

Cabinet Member(s):	Cllr Richard Chesterton					
Responsible Officer:	Stephen Walford, Director for Growth					

Reason for Report: To inform members of the updated service plan for 2017-18

#### **RECOMMENDATION:** That the report be noted

**Relationship to Corporate Plan:** It supports the corporate objectives for the economy.

**Financial Implications:** There are no additional financial implications arising from the report apart from those identified in the individual projects.

Legal Implications: None

#### Risk Assessment: None

#### 1.0 Introduction

Service Managers have been asked to undertake a full revision of their service business plans in the autumn of 2017 to bring the business planning cycle back into line with the budget setting process. In the meantime, managers have been asked to update their service plans to show their priorities over the next six month period. The updated service plan is attached as an appendix. The main priorities for the service over the next six months are:

- Submit ERDF Bid for HydroMills Project (by end of June 17)
- Develop Business Case for Commercialisation of Regulatory Services (Sept 17)
- Develop Promotional website for Mid Devon Tourism (Sept 17)
- Deliver 6 Electric Night Events (May Oct 17)
- Scope and produce project plan for Exe Valley AONB (Nov 17)
- Ensure re-application of Cullompton Townscape Heritage Scheme (Dec 17)
- Investigate opportunities for wireless broadband coverage (Dec 17)

The other main priority for the service is the development of an Economic Strategy for the district, as recommended by the recent Peer review. The full revision of the business plan in the autumn will enable the plan to reflect the emerging priorities of the Economic Strategy.

#### SERVICE VISION

The Economic Development & Regeneration Service works with local businesses, community organisations and public sector partners to:

- Increase the number and quality of jobs / employment opportunities
- Ensure individuals and businesses have the necessary skills to take advantage of economic opportunities
- Support indigenous business growth and development and bring new businesses into the District
- Support the planned growth of communities and regeneration of town centres

#### **DESCRIPTION OF SERVICE**

Economic & Regeneration Service includes the following functions:

- Developing strategic projects and partnerships to benefit the economy
- Providing advice on business growth and inward investment
- Providing technical assistance to businesses and social enterprises
- Identifying and securing external funding opportunities
- Providing a signposting and referral service to sources of specialist advice
- Supporting town teams and other local business associations
- Managing and developing Tiverton Market
