REVENUE AND CAPITAL OUTTURN 2017/18

Cabinet Member Cllr Peter Hare-Scott

Responsible Officer Director of Finance, Assets & Resources: Andrew Jarrett

Reason for Report: To present the revenue and capital outturn figures for the

financial year 2017/18.

RECOMMENDATION(S): That the Committee note the contents of the report.-

Relationship to the Corporate Plan: The financial resources of the Council impact directly on its ability to deliver the corporate plan prioritising the use of available resources carried forward from 2017/18. All future spending will be closely linked to key council pledges from the updated corporate plan.

Financial Implications: Good financial management and administration underpin the entire document.

Legal Implications: None.

Risk Assessment: Regular financial monitoring information mitigates the risk of over or underspends at year end and allows the Council to direct its resources to key corporate priorities.

Equality Impact Assessment: No equality issues identified for this report.

Executive Summary of 2017/18 Income and Expenditure

The table below gives an overview of the movements during the year on the key useable reserves of the Council. The balances assume that the proposed recommendations are approved as outlined at the beginning of this report.

	31 March 2017	In year movement	31 March 2018
	£k	£k	£k
General Fund	2,241	0	2,241
Housing Revenue Account	2,000	0	2,000

1.0 Introduction

1.1 Members of the Cabinet should note that the outturn report is basically a set of management reports that show the final cash related position on all service areas. The Finance Team then have to turn these management reports into the statutory financial statements which are subject to a wide number of complex accounting rules that often significantly change the final picture of a service's financial position for the year. However, it is important to note that the bottom-line profit or loss for the year remains constant.

- 1.2 The Council has continued its strategic decision to reduce costs, without adversely affecting service delivery. This year we have reclassified our CCLA investment which we had previously been advised to treat as Cash and Cash Equivalents. This was not technically correct and the restatement (reflected in our Statement of Accounts) has provided further resources and we have received a significant surplus in Business Rates due to growth and the benefits of "pooling". This has seen us deliver an overall General Fund (GF) surplus of £159k (see Appendix 1).
- 1.3 During the budget setting process we continue to ensure that revenue budgets are set on a robust basis and take a prudent view of the likely levels of income and expenditure.

2.0 The General Fund Reserve

- 2.1 This is the major revenue reserve of the Council. It is increased or decreased by the surplus or deficit generated on the General Fund in the year. This reserve held a balance of £2.241m as at 31/03/17. In 2017/18 the previous two years' CCLA "losses" were reclassified as an unusable reserve and this meant that we could add back £360k to the General Fund Reserve which we had charged to it in previous years. The surplus of £159k incorporates this £360k.
- 2.2 Detailed budget monitoring reports were provided to both senior managers and Members throughout 2017/18. This monitoring focused on significant budget variances (+/- £10k), included remedial action where necessary and estimated an overall outturn position. The final written monitoring report considered by the Cabinet gave a detailed position as at 31 December 2017 and predicted an end of year deficit of £182k for the General Fund. Therefore the final position improved by £341k.
- 2.3 The table below shows the overall budget, actual and variance, summarised for 2017/18.

	2017/18 Budget	2017/18 Actual	Variance
	£	£	£
Total Cost of Services	10,049,790	9,830,016	(219,774)
Other Income and Expenditure	(1,518,720)	1,095,786	2,614,506
TOTAL BUDGETED EXPENDITURE	8,531,070	10,925,802	2,394,732
TOTAL FUNDING	(8,531,070)	(11,084,755)	(2,553,685)
Net Income and Expenditure	0	(158,953)	(158,953)

2.4 A detailed explanation of all the key variances is shown in Appendix 2, service by service. Inevitably, within a service, there are often variances which compensate. Some areas may create savings which in turn can be partly or fully offset by overspends elsewhere. In this report we have tried to highlight the major movements to enable Members to appreciate the more significant trends within each service area.

Note – where any of the above variances were deemed to be recurring, the 2018/19 budget was adjusted accordingly.

- 2.5 The overall effect of the 2017/18 financial year would result in a General Fund Balance of £2.400m which is higher than the Council's own minimum requirement of £8.531m (Net Budgeted Expenditure) x 25% = £2.133m (agreed by Full Council) if it was not transferred to reserves.
- 2.6 In addition to the GF Balance, the Council holds a number of Earmarked Reserves (EMRs) which are used to help fund anticipated future expenditure commitments. The net movement of £909k into these reserves and the end of year balances held on them are shown in Appendix 4.

2.7 Market Walk and Fore Street Shops, Tiverton

Members will no doubt be keen to see the third year's result's following the acquisition of the shops in March 2015. The return on investment has dropped compared to 2016/17 (4.1%) due to an increase in vacant units during 17-18. The various elements are shown in different areas of the Income and Expenditure account but the overall position is as follows:

Net income for year	(62) ====
(Shown within property Services committee) Interest payable on Public Works Loan Board Ioan Statutory Capital Financing (over 50 years)	(247) 102 83
Net rental income after expenses	<u>£k</u>

This income equates to an approximate return of **1.5%** (62k \div 4,173k), net of borrowing costs. (£4,173k = Principal)

3.0 Housing Revenue Account (HRA)

- 3.1 This is a ring-fenced reserve in respect of the Council's housing landlord function. It is increased or decreased by the surplus or deficit generated on the HRA in the year. For 2017/18 the outturn is a net surplus of £255k and Members are requested to approve a transfer to HRA reserves to bring this to zero.
- 3.2 This surplus is explained in paragraph 3.4 and the effect of it on the HRA Balance is shown below.

HRA Balance

	£m
HRA balance @ 31/03/17	(2.000)
Budget saving achieved in 2017/18	(0.255)
Additional transfer to 30yr modernisation programme	0.255
HRA balance @ 31/03/18	(2.000)

- 3.3 After the strong closing financial position delivered in 2017/18, it is recommended to transfer a sum of £255k into the Housing Maintenance Fund earmarked reserve. This is in addition to the £2.182m already. The above position leaves an HRA balance of £2.0m as at 31 March 2018.
- 3.4 The main budget variances during 2017/18 that give rise to the figure of £255k were the £89k underspend generated by the Repairs team (comprising savings on the gas servicing contract and other planned works as well as some overspends in the DLO, including materials, contractors and vehicle purchase), the £83k underspend from the Tenancy teams and the £38k underspend on Alarms. For further details, please see the HRA Outturn Summary for 2017/18, which is attached as Appendix 3 to this report.
- 3.5 In addition to the above, the HRA hold a number of earmarked reserves. The movements on these during 2017/18 and their closing balances are shown on Appendix 4. This money is effectively "ring fenced" and will be held to meet expenditure on projects during 2018/19 and beyond.

4.0 The Collection Fund

- 4.1 Mid Devon is a collection authority for council tax and national non-domestic rates, and as such, is required to produce a collection fund account for the Mid Devon area. The Council collects council tax on behalf of Devon County Council, Devon Fire and Rescue Service, Devon & Cornwall Police and the Town/Parish Councils.
- 4.2 The council tax collection rate for 2017/18 was 98.0% (98.1% in 2016/17). This demonstrates how effective our Revenues section has been in collecting the annual charge in extremely challenging economic times. The Non Domestic Rates collection rate improved to 99.2% for 2017/18 (99.2% in 2016/17).

5.0 Capital Outturn

- 5.1 A capital outturn summary is attached as Appendix 5 to this report. The revised capital budget for 2017/18 amounted to £24.315m. At the year-end we had spent £8.523m leaving the capital programme underspent in total by £15.792m.
 - Capital receipts of £2.439m (this includes general useable capital receipts and ring-fenced replacement homes capital receipts) were applied to finance the programme with the balance of the expenditure met by a combination of borrowing, external grants and contributions from reserves.
- 5.2 As shown in Appendix 5 there are capital projects totalling £5.874m which have not been completed as at the 31 March 2018. This expenditure, therefore, needs to be rolled forward to be included in the 2018/19 capital programme. These schemes are still fully funded by either unspent capital grants or by provisions held within capital earmarked reserves. In addition there is £426k relating to Affordable Housing and Private Sector Housing Grants.

5.3 The Capital Receipts Reserve (note this includes general useable capital receipts and ring-fenced replacement homes capital receipts) is used to part fund the capital programme - the movement on this account for the year is given below:

Ва	alance at 1 April 2017	£m (2.438)
•	Sale of Council Houses - 26	(2.084)
•	General Fund Sales	(1.639)
•	Pooling of Housing Capital Receipts to Government.	231
•	Capital Receipts applied in year	2.439
Ва	alance at 31 March 2018	(3.501)

Note – the remaining balance of £3.501m is committed in order to fund any slippage, specific projects in ICT and Private Sector Housing and to balance the Capital Medium Term Financial Plan.

5.4 The Capital Earmarked Reserve has been set aside from Revenue to fund capital projects; the balance on this reserve now stands at £441k made up by the following transactions:

	ŁK
Balance at 1 April 2017	(471)
Funding required to deliver the 2017/18 Programme	30
Balance at 31 March 2018	(441)

Note – the remaining balance of £441k is committed in order to fund any slippage and to balance the Capital Medium Term Financial Plan.

5.5 The Council also holds New Homes Bonus which can be used for either Revenue or to support future Capital Programmes, the balance held at 31 March 2018 is £2.673m; again much of this remaining balance is committed to fund any slippage and to balance the Capital Medium Term Financial Plan.

6.0 Treasury Management

6.1 A review of the 2017/18 investment performance, including the details of interest payable, are included within the separate 2017/18 Treasury Outturn Report.

7.0 Conclusion

7.1 Members are asked to note the revenue and capital outturn figures for the financial year 2017/18 and agree the proposed earmarking of surplus funds generated by in year savings from both the GF and the HRA. In addition, Members need to approve the incomplete projects on the 2017/18 capital programme be rolled forward into the 2018/19 capital programme.
