

**CABINET
25 OCTOBER 2018**

MEDIUM TERM FINANCIAL PLAN – GENERAL FUND (GF) AND CAPITAL PROGRAMME

Cabinet Member Cllr Peter Hare-Scott
Responsible Officer Andrew Jarrett – Deputy Chief Executive (S151)

Reason for Report: To produce an updated Medium Term Financial Plan (MTFP) which takes account of the Council's key strategies (i.e. The Corporate Plan, Business Plans, Treasury Management Plan, Asset Management Plan, Work Force Plan and Capital Strategy) and demonstrates it has the financial resources to deliver the Corporate Plan. This models potential changes in funding levels, new initiatives, unavoidable costs and proposed service savings.

RECOMMENDATION: Members note the updated MTFP and fully endorse the proposals outlined in paragraph 8.2.

Relationship to Corporate Plan: The Medium Term Financial Plan (MTFP) sets out the financial resources available to deliver the Council's ongoing Corporate Plan pledges/objectives.

Financial Implications: By undertaking an annual review of the MTFP the Council can ensure that its Corporate Plan pledges/objectives are affordable.

Legal Implications: None.

Risk Assessment: The MTFP makes a number of financial assumptions based on a sensible/prudent approach, taking account of the most up to date professional advice that is available. However, many of these assumptions are open to challenge and due to this fact Appendix 1, included within this report, shows the financial effect on key items in the plan if assumptions were to change (this is referred to as sensitivity analysis).

Equality Impact Assessment: It is considered that the impact of this report on equality related issues will be nil.

1.0 Introduction & Purpose of the Medium Term Financial Plan

- 1.1 The main purpose of the MTFP is to show how the Council will strategically manage its finances over the next 4 financial years, in order to support the delivery of the pledges/objectives detailed in the new Corporate Plan.
- 1.2 The MTFP links the financial requirements, constraints and objectives included in all the key planning documents of the Council (i.e. Asset Management Plan, Treasury Management Strategy, Work Force Plan, and Business Plans) which culminate in the Corporate Plan.
- 1.3 The MTFP has been a key corporate requirement for a number of years and is an essential part of the budget setting process. It provides a financial model which forecasts the cost of providing Council services over a rolling 5 year period, together with an estimate of the financial resources that will be

available. This model provides an early warning mechanism if there is a significant budget gap between estimated costs and available resources.

- 1.4 Therefore, the MTFP helps strategically plan the budget setting process, but of equal importance, gives Management and Members an overview of future budget gaps so strategic decisions can be made over levels of future spending, Council Tax levels, policies for fees/charges, asset investment or disposal etc.
- 1.5 In addition to considering the General Fund financial position, the MTFP also reviews the affordability of the Council's capital programme over the same 4 year period. Again it predicts required capital projects (in the main focusing on essential asset replacement and health & safety items) matched against potential capital receipts and grant funding. This plan focuses on known capital commitments. However, at some point in the future we may well have to consider new items which will be subject to formal prioritisation (including spend to save capability).
- 1.6 In addition to these two key areas of Council expenditure we also prepare an MTFP for our Housing Revenue Account. This shows a four year programme, based on costs and income streams for our properties from April 2019 onwards.

2.0 Framework for the Medium Term Financial Plan

- 2.1 The starting base for the MTFP is the 2018/19 approved budget, which is then adjusted for any supplementary estimates approved by the Council or any significant budget variances identified in the monthly budget monitoring report to the Cabinet.
- 2.2 This base then has to be adjusted for unavoidable costs, such as, pay increases, inflation, service pressures associated with new legislation, a growing property base or improving performance etc. The MTFP will also consider forecasts for investment receipts and fee/charges levels.
- 2.3 Finally the MTFP considers and makes assumptions regarding future levels of Council Tax (including the potential growth in Tax base) and the likely level of future Central Government funding.
- 2.4 The MTFP models an overall aggregated position for the Council based on a range of assumptions. This then predicts an overall budget position, which can highlight a potential budget gap and then propose remedial action which can be taken to resolve it. Clearly, these assumptions can be challenged and will vary due to changes in the local, national and international economic position. As a consequence, Appendix 1 illustrates possible risks within the plan and the potential financial sensitivity to changes in the assumptions.
- 2.5 The development of a 5 year financial model is based on a number of assumptions and perceived risks. These become more difficult to predict the further into the future you consider. In general terms a prudent/reasonable approach has been taken regarding forecasts, professional accounting guidance has been followed and external technical opinion has been sought where necessary.

2.6 The following underlying caveats have been adopted as a base assumption during the life of the MTFP:

- Each year the Council will target a balanced revenue budget without the use of reserve balances.
- We will attempt to ensure that the General Fund Balance does not fall below our current minimum agreed level (25% of net expenditure = £2.2m in 2019/20).
- Resources will be directed to high priority services and hence away from low priority services. With the exception of spend to save projects on lower priority services that can either cut future costs or increase revenue to enable cross subsidisation of higher priority services.
- Council Tax increases will be kept within Government set guidelines. In reality this now gives the Council very little scope to significantly increase Council Tax levels as the current nationally prescribed referendum rate is likely to be a maximum of 2% or £5 for the 2019/20 financial year (3% or £5 in 2018/19). This plan assumes that the current rate will remain unaltered throughout the five year cycle.
- Further efficiency/procurement savings will be secured and then factored into future spending plans.
- We will continue to explore new commercial opportunities (as a 'business as usual' model is clearly no longer deliverable).
- Prudential borrowing will only be made during the life of the MTFP after the production of a fully costed business case with a reasonable payback period.

2.7 With regard to the Capital Programme, the Council will continue to prioritise schemes. The draft capital programme will also be reviewed/challenged by the Capital Strategy Asset Group (CSAG). In addition we will also look to dispose of surplus assets in order to maximise capital receipts and reduce ongoing revenue maintenance costs associated with holding the asset. Careful consideration will also need to be used to ensure we achieve the maximum market value when disposing of assets.

3.0 Current status and strategy for the Medium Term Financial Plan

3.1 The Medium Term Financial Plan (MTFP) has been developed to provide a financial framework within which the Council can deliver the pledges/objectives in the Corporate Plan. This strategy focuses on the forward financial issues/pressures facing the General Fund and Capital Programme.

3.2 Due to the need to provide budget information to all of the PDG and Cabinet meetings during October and November there are still some issues that have not been resolved or are still to be fully evaluated. These issues may either improve or worsen the summary budget position currently reported and can be summarised as follows:

- Application by the Devon Pool to become 75% Business Rates Pilot
- Impact of new Homelessness legislation from 01/04/18
- Impact of full rollout of Universal Credit during 2018
- Autumn Statement announcement in November 2018
- Impact of the Provisional Settlement in December
- Ongoing service reviews (including changes to fees/charges)

3.3 This MTFP has estimated further year on year reductions in Government funding. We are currently forecasting a negative RSG position in 2019/20 (as are a number of councils). This is currently being challenged and we are hopeful that this will be eliminated in the Provisional Settlement for at least 1 year. The impact of changes to New Homes Bonus, as mentioned in 6.1, are pivotal to our funding arrangements and growth aspirations.

3.4 The financial forecast is explored in detail in the MTFP, which forms part of this plan. It also shows the strong inter-relation between the General Fund and delivering a sustainable capital programme. The MTFP model predicts an estimated cumulative shortfall on the General Fund budget of £1.368m (made up of the cumulative amounts required to balance the budget each year). Without any action the General Fund reserve of £2.241m would become unacceptably low at £873k. The deficit in 2019/20 is forecast to be £661k, which increases to £1.368m in 2022/23. These predictions have included amounts to fund our future capital programme and future proposed savings and cost movements.

3.5 Members will appreciate that some of the proposed savings will require political support and therefore if some suggestions are deemed to be unacceptable then other savings will need to be proposed.

3.6 At this point it is still worth stressing that against a backdrop of an aggregate cut in Central Government Grant of approximately £4.5m between 2010/11 and 2018/19, the Council continues to deliver a wide range of well performing services.

4.0 Summary of the Medium Term Financial Plan

4.1 Table 1, shown below, gives a summary position for the MTFP, over the next 4 years. This shows an overall deficit totalling £1.368m over the life of the plan. This is clearly a growing challenge based upon a number of assumptions, caveats, decisions and is now made even harder by the volume of related risks that the Government has transferred to Councils with the changes to Council Tax Benefit and Business Rate localisation. As well as cuts direct to the Council's budget from Central Government we have and will continue to suffer indirectly from cuts to Devon County Council's budget and from other public sector bodies such as the Department of Work and Pensions.

4.2 Clearly, any major variations in these assumptions would require a fundamental review of the Council's MTFP and would be reported back to Cabinet and the wider Membership as soon as practical, coupled with proposed courses of action that could be implemented.

4.3 Table 1 shown below gives an overall summary of the Council's General Fund MTFP position (which includes a wide range of assumptions that have been realistically decided upon based on external advice and the most up to date information available to us).

Table 1 – MTFP General Fund Summary

	2018/19 £	2019/20 £	2020/21 £	2021/22 £	2022/23 £
Net Service Costs	8,679,560	10,202,623	9,436,814	9,334,035	9,499,330
Net Interest Costs	-166,170	-144,490	113,510	368,510	368,510
Provision for Repayment of Borrowing	395,570	362,624	538,157	711,120	711,120
CTRS Grants	16,920	0	0	0	0
Earmarked Reserves - New Homes Bonus	1,121,248	1,241,970	950,000	800,000	650,000
Earmarked Reserves - Other	-41,178	-126,370	663,630	663,630	717,550
General Reserves	0	0	0	0	0
Total Budget Requirement	10,005,950	11,536,357	11,702,111	11,877,295	11,946,510
Funded By:

Transitional Grant	0	0	0	0	0
New Homes Bonus	-1,121,250	-1,241,970	-950,000	-800,000	-650,000
Council Tax-MDDC	-5,600,410	-5,808,852	-6,011,510	-6,217,632	-6,427,277
Council Tax prior year surplus/deficit	-50,520	-71,330	0	0	0
Total Funding	10,005,950	10,874,777	10,370,711	10,470,608	10,578,000
Gap – Increase/In-year	0	661,580	669,820	75,287	-38,178
Gap – Cumulative	0	661,580	1,331,400	1,406,687	1,368,509

Budget Gap forecast 2019/20 to 2022/23

- 4.4 The table and graph above show that our projected Budget Gap is £661k in 2019/20 and rises to an estimated £1.368m by 2022/23. The future budget gap of £1.368m is equivalent to 11% of the projected budget requirement in 2022/23. Due to the cumulative nature of this plan, if we balance our revenue spend to our available funding, each subsequent year will only then need to find the difference (i.e. if we cut our level of spend by a further £661k in 2019/20 we will only need to find £670k in 2020/21 – e.g. £1.331m - £661k = £670k).
- 4.5 The Council has a legal requirement to set a balance budget and needs to ensure its overall costs are affordable i.e. they can be funded through income and planned use of reserves. Members therefore need to take the necessary decisions and actions to manage net spending within affordable limits.
- 4.6 A key point is that if no remedial action is taken to reduce our overall level of spend our General Fund Balance would be critically low during 2021/22. So clearly “business as usual” is an unsustainable option.

5.0 Capital Overview

- 5.1 There is no revenue contribution to the capital programme. As in previous years, the New Homes Bonus is earmarked for funding elements of the capital programme.
- 5.2 After excluding the HRA capital projects & SPV borrowing, the Council now has a much reduced capital programme, which in the main is due to a significant reduction in available funding. Indeed much of the predicted New Home Bonus monies has had to be utilised to fund the projected capital programme.
- 5.3 Table 2 below, shows the capital funding position during the life of the MTFP. A more detailed analysis of the overall schemes and potential funding is attached as Appendix 2.
- 5.4 The capital programme includes ‘rolling’ items already highlighted in the current year capital programme (i.e. Affordable Housing/Private Sector Housing Grants, the Major Repairs Account and the 30 year modernisation programme). The available receipts are based on a prudent basis, with no major asset sales (other than right to buy sales) factored into the model. If additional receipts are generated we could revisit our capital prioritisation list and bring forward new schemes into the programme or decrease the contribution from New Homes Bonus or begin to repay any outstanding borrowing.

Table 2 – MTFP Capital Programme

	2019/20	2020/21	2021/22	2022/23
	£000	£000	£000	£000
Total Capital Requirement (GF)	3,687	8,379	9,009	14,138

6.0 Balances and Reserves

- 6.1 The Council started 2018/19 with an available General Fund Balance (GFB) of £2.241m (i.e. just over the minimum agreed level) and on that basis it is imperative that we look to match on-going spending plans to our available in-year resources.
- 6.2 A Council holds a GFB for a number of reasons, firstly to deal with any short term cash flow or funding issues, secondly to provide a contingency for exceptional one-off acts (i.e. flooding, fire, terrorism, business rate failure etc.) and thirdly to provide a buffer for known circumstances whose final effect is unknown (i.e. changes in legislation or major funding changes). Clearly, the more uncertainty that exists, the higher the balance required to mitigate this risk. This level of minimum reserves is assessed annually to ensure it is adequate.

7.0 Risk, Opportunities and Uncertainty

- 7.1 Ongoing risks and uncertainty for the budget at this stage include:
- 7.1.1 **Local Government Finance Settlement (LGFS)** – following the Autumn Statement in November, we await the Provisional Settlement in December. 2019/20 will be the final year of the 4-year settlement. This 4-year offer gave us some certainty over the level of grants and we are mindful that with this arrangement ending next year, there will be further risks. We are also aware that the Settlement may bring further changes which will affect 2019/20 budget setting.
- 7.1.2 **New Homes Bonus (NHB)** – The calculation of NHB was changed in the 2017/18 Finance Settlement and a “top-slice” of 0.4% of growth was introduced alongside the reduction from 6 years to 5 years. The allocation was reduced to 4 years in 2018/19 and we anticipate further changes. These may be to the number of years’ allocations, the percentage growth “top-slice”, the percentage split between the upper and lower tier authority or a combination of these variables. This creates significant risk to the projects and capital spend that we support through this funding.
- 7.1.3 **Council Tax** – The MTFP is based on the assumption of a £5 increase on a Band D property each year. This may of course not be possible due to Central Government restrictions or palatable at a local level and we are only likely to know this on an annual basis as the Settlement is announced.
- 7.1.4 **Council Tax Base** – The provisional estimates will be completed at the end of October and these will be added to the forecast as soon as they can be verified.
- 7.1.5 **Capital Programme** – options for the Capital Programme are being compiled. Any spending proposals could contain further revenue budget implications such as borrowing costs.

7.1.6 **100% Business Rates Retention** – In the Autumn Statement 2015 the Government confirmed its intention to allow local authorities to keep 100% of business rates income by 2020. Since that time, we have made a successful bid alongside our Pool authorities to be a 100% Pilot Authority for 2018/19. We are anticipating significant benefits from this in-year and had hoped that this arrangement would be extended for at least a further year. Unfortunately, Central Government have requested that authorities put in a new bid for 2019/20 and there is only 75% retention on offer. We are also aware that with the automatic acceptance of the Greater London Authorities to continue to retain 75%/100%, the pot available is smaller and a bid is less likely to be successful.

7.2 With this in mind we have been prudent in our MTFP/Budget work and assumed our Plan B position of remaining in the Business Rates Pool but having to revert to 50% retention. We have however, made a bid with our Pool neighbours and are still hopeful.

7.3 Other Uncertainties:

7.3.1 Growth of property and commercial base – stepped cost impact but additional revenue based on current Government incentives (payment by results of delivery).

7.3.1 Government funding – RSDG removal, Possible negative RSG, Fairer Funding Review, Business Rates uncertainty (including rebasing).

7.3.2 Changes to Housing Benefit Admin Grant etc.

7.3.4 Further cuts to Welfare system and impact of the roll-out of Universal Credit Scheme

7.3.5 Risk of spend to save projects and commercial investments – will projected savings and incomes materialise?

7.3.6 Changes to DCC funding provision of specific services that could have a knock-on effect to Mid Devon (e.g. Grounds Maintenance contributions, support for recycling activities and changes to municipal tips).

7.3.7 Any upfront revenue costs associated with the Eastern Urban Extension / new properties in Cullompton/Garden Village

7.3.8 Changes to the referendum limits

7.3.9 “Spend to save” costs associated with the business and digital transformation project and ongoing savings delivered in subsequent years

7.3.10 Inflows and outflows of monies in respect of substantial property transactions

7.3.11 New commercial opportunities and regeneration programmes

7.3.12 Potential future partnership working with other authorities

7.3.13 Possible impact of BREXIT on the economy including changes in interest rates

7.4 All of the above items highlight once again just how difficult it is to forecast ahead with any degree of accuracy. Nevertheless the MTFP helps us examine the likely trends to assist in setting realistic capital and revenue budgets going forward.

8.0 Approach to closing the Budget Gap

8.1 Many of the issues, assumptions and sensitivity of items included within the MTFP are complex, often inter-related and will undoubtedly be subject to variation and ultimately fundamental review depending on the levels of future Formula Grant reductions. However, strategic decisions have been ongoing to reduce our current and future operational costs.

8.2 It is fair to say that the Council is currently in a relatively robust financial position with the external auditors giving an unqualified Value for Money assessment. We are mindful, however, that the level of uncertainty in funding and external pressures e.g. from Homelessness legislation and the introduction of Universal Credit as just two examples, makes forecasting difficult and with it a need to highlight risks and the need to push for further efficiencies within services. The MTFP shows an overall funding gap of £1.4m up to 2022/23. In order to reduce this deficit the Council will strive to constantly manage its costs and revenues by:

- A continued reduction of service and employee costs – which may incur short term upfront costs
- Ensure fees/charges are revisited regularly and that we are charging for all items possible – are there areas of service provision that we could charge for?
- Continue and expand partnership working where practical
- Investigation of a number of spend to save projects
- Review our current and future property asset requirements
- Maximise procurement efficiencies
- Explore new commercial opportunities
- Examine different ways of delivering services to reduce costs
- Continued benchmarking and learning from best practice
- Consideration of growing the commercial property base to align delivery with government funding priorities

8.3 Ultimately it remains unrealistic to assume that the suggestions listed in paragraph 8.2 will enable the Council to balance its service delivery aspirations against the backdrop of the very substantial cuts in both current and future sources of local government funding.

8.4 The above plans will require all service areas to play an active role in securing future savings and we will also continue to consult with all of our major stakeholders, especially the tax payers, to ensure all future budgetary decisions accord with their priorities.

9.0 The Corporate Plan

- 9.1 Clearly there is a very strong link between finance and corporate/service performance. By integrating the MTFP, the Work Force Plan and the Corporate Plan the Council can demonstrate how it will afford to deliver its key objectives. This will also shape the ongoing priorities of the Council, as with finite resources it will need to decide on what its key priorities are.

10.0 On-going Delivery of a MTFP

- 10.1 The MTFP will continue to be updated on an annual basis. This will ensure that it will be a live document, subject to amendment and review by Leadership Team and Members and will provide a clear guide prior to commencing the annual budget setting process in future years.

11.0 Conclusion

- 11.1 Like all Councils, Mid Devon is facing an ongoing and very challenging financial future, but with a clearly shaped Corporate Plan which will need to be aligned to available financial resources (which will include a regularly updated Work Force Plan) the District will be well placed to continue delivering a wide spectrum of cost effective services that are valued by its residents.
- 11.2 It should also be noted that Management will continue to play a pro-active role in both reducing ongoing service costs and exploring new possibilities to raise additional income.
- 11.3 Having a realistic financial plan for the next 4 years will enable the Council to ensure it is allocating its limited financial resources to its key priorities. Our current Corporate Plan sets out our goals/objectives over a four year period and must clearly be matched by the financial resources that are available. The Government's move from a relatively fixed core funding system to more of a '*payment by results*' process has introduced a lot more uncertainty and volatility for the future of our funding streams, which makes medium term financial planning an even more challenging process.
- 11.4 Like any strategic plan, the MTFP has been compiled based upon all available information at a fixed point in time. Clearly, as time moves on assumptions will change, Central Government will set new targets, bring in new legislation and adjust funding levels. We are aware that the Fair funding Review may bring significant changes in our core funding including a Baseline reset or partial reset in Business Rates. Residents expectations will change, Member priorities will alter and therefore any plans must be flexible enough to cope with major changes. As we are still in a period of major financial uncertainty it is imperative that reserve levels are held at a prudent level (£2.2m in the short to medium term) and that Members are provided with regular updates on the financial impact of any variation to what has been previously assumed.
