Sustainability and Reg	generation'				
		Environment	Homes	Economy	Community
Sustainable and Prosperous Communities		Our villages and towns need affordable housing for local people. We aim to build more social rented housing and housing for purchase that is truly affordable We seek to bring higher skilled and better paid jobs to the district, promoting economic development and greater economic diversity. Local businesses need incubation space, grow-on space, and places to expand - and digital businesses need the capability and capacity to work from home as well as a business par Long distance commuting will have to drastically reduce in future to deliver on our carbon objectives, and we will support people seeking to lead a more 'loca life; living, working, eating, shopping, and spending locally. We aim to ensure that new housing and commericial developments support, and are consisitent with, the Council's policies on Climate Change. These objectives will be achieved by encouraging and, where necessary, intervening in the market to deliver to jobs and sustainable communities, and by working in partnership with statutory and no statutory bodies to win the resources we need.			
		Encourage retro-fitting of measures to reduce energy use in buildings	Deliver more affordable housing and greater numbers of social rented	ambitious plans for J27 'Devon Gateway'	
		Encourage "green" sources of energy supply new policies and develop plans to decarbonise energy consumption in Mid Devon	homes Work with Community Land Trusts and other organisations to deliver homes retained in perpetuity for local need	development site Consider acquiring or creating new business parks to accelerate economic growth	settlements and key destinations Secure decent digital connectivity for all of Mid Devon
		Identify opportunities to work with landowners to secure additional hedgerow planting, biodiversity and reforestation	Work with landlords to ensure the quality of homes in the private rented sector	Identify strategic and tactical interventions to create economic and community confidence and pride in the places we live. This includes a continued focus on Town Centre Regeneration.	Work with education providers to secure appropriate post-16 provision within the district to minimise the ne to commute out for A/T level studies
		Consider promoting the designation of the Exe Valley as an Area of Outstanding Natural Beauty (AONB).	Lobby to see the abolition of the 'Right-to-Buy' or the devolvement of discounting powers to individual local housing authorities	Facilitate the creation of exciting new commercial opportunities within strategic developments at Culm Garden Village and Tiverton Eastern Urban Extension	Lobby DCC and others to introduce 20mph speed limits where children play, and take opportunities to pilot free days/routes
		Encourage new housing and commerical developments to be "exemplars" in terms of increasing biodiversity and reducing carbon use.	Promote the regeneration of our Town Centres by working with landlords and property developers to improve and increase the supply of quality housing	Produce business plans for the creation of a commericial Economic Development function perhaps in partnership with other agencies	Promote new, more integrated approaches to promoting good healt and healthier living especially in the contect of planned new developmen
				Explore commercial opportunities that deliver new or innovative services for customers that can generate revenue for the council	everyone in Mid Devon
ustainable Planet		Rural Devon is a great gift to us and the planet. We will challenge the surburbanisation of the countryside while encouraging growth in locations that provide low carbon homes for our children, our relatives, our colleagues and the communities of tomorrow. This will sit alongside the economic opportunities of greate digital connectivity in rural areas, our support for clean growth industry sectors, and a thriving agricultural industry that showcases sustainable food-to-fork practices and low food-miles to market.			
		amounts of residual waste generated	Introduce zero carbon policies for new development	Promote zero carbon exemplar sites within commercial settings	Enable communities to deliver their own projects to reduce carbon emissions
		Explore large-scale tree-planting projects and re-wilding to enhance biodiversity and address carbon pressures	Encourage the piloting of Modern Methods of Construction (MMC) and self-build opportunities	Use car park pricing mechanism to effectively balance the needs of vehicular access with those of reducing car use	Facilitate networking across volunte and community groups to spread knowledge, expertise and awarenes on climate issues
		Promote sustainable farming practices in partnership with local farmers, District and County Councils; including research into best practice re better soil management and animal husbandry.		develop and grow markets on the principle of reducing carbon emissions	
ustainable Participa	ition		ncils, voluntary and community groups	ocal funds and resources aimed at local pr 5, we will seek to deliver positive outcome	
		Work with Parish and Town councils to promote the development and retention of parks and play areas across the district	Work with local stakeholders to	commission services. Support the creation of South West Mutual Bank and seek opportunties to encourage new branches being opened in areas that aren't well-served by existing banking services providers	Work with the NHS and other health bodies to promote use of our leisure centres
		Support community activities that improve the environment such as litter- picks, guerilla gardening, or community adoption of assets	Support and grow active tenancy engagement	Develop and deliver regeneration plans for all 3 main towns in partnership with Town and Parish Councils	Promote community involvement in council activity
