

MID DEVON DISTRICT COUNCIL

INTERNAL AUDIT STRATEGY (March 2020)

1 INTRODUCTION

Internal Audit is a statutory service in the context of The Accounts and Audit (England) Regulations 2015, which state:

5.—(1) A relevant authority must undertake an effective internal audit to evaluate the effectiveness of its risk management, control and governance processes, taking into account public sector internal auditing standards (PSIAS) or guidance.

In addition, the Local Government Act 1972, Section 151, requires every local authority to designate an officer to be responsible for the proper administration of its financial affairs. In The Council, the Director of Finance is the 'Section 151 Officer'. One of the ways in which this duty is discharged is by maintaining an adequate and effective internal audit service.

The PSIAS refers to the role of Chief Audit Executive, and requires this officer to ensure and deliver a number of key elements to support the internal audit arrangements. For The Council, the role of Chief Audit Executive is provided by the Head of Devon Audit Partnership (HoDAP).

The PSIAS require the HoDAP to produce an Audit Charter setting out audits purpose, authority and responsibility. We deliver this through our Audit Strategy which:

- is a high-level statement of how the internal audit service will be delivered and developed in accordance with the Charter and how it links to the organisational objectives and priorities;
- will communicate the contribution that Internal Audit makes to the organisation and should include:
 - internal audit objectives and outcomes;
 - how the HoDAP will form and evidence his opinion on the governance, risk and control framework to support the Annual Governance Statement;
 - how Internal Audit's work will identify and address significant local and national issues and risks;
 - how the service will be provided, and
 - the resources and skills required to deliver the Strategy.
- should be approved, but not directed, by the Audit Committee.

The Strategy should be kept up to date with the organisation and its changing priorities.

2 INTERNAL AUDIT OBJECTIVES AND OUTCOMES

The primary objective of Internal Audit is to provide an independent and objective opinion to the Council on the governance, risk and control framework by evaluating its effectiveness in achieving the organisation's objectives through examining, evaluating and reporting on their adequacy as a contribution to the proper, economic, efficient use of resources.

To achieve this primary objective, the HoDAP aims to fulfil the statutory responsibilities for Internal Audit by:

- identifying all of the systems, both financial and non-financial, that form the Council's control environment and governance framework, and contribute to it meeting its obligations and objectives – the 'Audit Universe';
- creating an audit plan providing audit coverage on the higher risk areas in the Audit Universe;
- undertaking individual audit reviews, to the standards set by the PSIAS, to independently evaluate the effectiveness of internal control;
- providing managers with an opinion on, and recommendations to improve, the effectiveness of risk management, control and governance processes;
- providing managers with advice and consultancy on risk management, control and governance processes;
- liaising with the Council's external auditors to ensure efficient use of scarce audit resources through the avoidance of duplication wherever possible; and
- providing the Council, through the Audit Committee, with an opinion on governance, risk and control framework as a contribution to the Annual Governance Statement.

3 OPINION ON THE GOVERNANCE, RISK AND CONTROL FRAMEWORK

As stated above, one of the key objectives of Internal Audit is to communicate to management an independent and objective opinion on the governance, risk and control framework, and to prompt management to implement agreed actions.

Significant issues and risks are to be brought to the attention of the S.151 Officer as and when they arise. Regular formal meetings should also be held to discuss issues arising and other matters.

The HoDAP will report progress against the annual audit plan and any emerging issues and risks to the Audit Committee.

The HoDAP will also provide a written annual report to the Audit Committee, timed to support their recommendation to approve the Annual Governance Statement, to the Council.

The Head of Devon Audit Partnership's annual report to the Audit Committee will:

- (a) include an opinion on the overall adequacy and effectiveness of the Council's governance, risk and control framework;
- (b) disclose any qualifications to that opinion, together with the reasons for the qualification;
- (c) present a summary of the audit work from which the opinion is derived, including reliance placed on work by other assurance streams;
- (d) draw attention to any issues the HoDAP judges particularly relevant to the preparation of the Annual Governance Statement;
- (e) compare the audit work actually undertaken with the work that was planned and summarise the performance of the internal audit function against its performance measures and targets; and
- (f) comment on compliance with the Public Sector Internal Audit Standards and communicate the results of the internal audit quality assurance programme.

4 PLANNING, INCLUDING LOCAL AND NATIONAL ISSUES AND RISKS

The audit planning process includes the creation of and ongoing revision of an “audit universe”. This seeks to identify all risks, systems and processes that may be subject to an internal audit review.

The audit universe will include a risk assessment scoring methodology that takes account of a number of factors including: the Council’s own risk score; value of financial transactions; level of change, impact on the public; political sensitivity; when last audited; and the impact of an audit. This will inform the basis of the resources allocated to each planned audit area.

The results from the audit universe will be used in creating an annual audit plan; such a plan will take account of emerging risks at both local and national level.

Assignment planning

Further planning and risk assessment is required at the commencement of each individual audit assignment to establish the scope of the audit and the level of testing required.

5 PROVISION OF INTERNAL AUDIT

The Internal Audit for The Council is provided by Devon Audit Partnership

The Head of Devon Audit Partnership has established policies and procedures in an Audit Manual to guide staff in performing their duties and complying with the latest available PSIAS guidance. The manual is reviewed and updated to reflect changes in working practices and standards.

Internal Audit Performance Management and Quality Assurance

The PSIAS state that the HoDAP should have in place an internal performance management and quality assurance framework; this framework must include:

- a comprehensive set of *targets to measure performance*. These should be regularly monitored and the progress against these targets reported appropriately;
- seeking *user feedback* for each individual audit and periodically for the whole service;
- a periodic review of the service against the Strategy and the achievement of its aims and objectives. The results of this should inform the future Strategy and be reported to the Audit Committee;
- internal quality reviews to be undertaken periodically to ensure compliance with the PSIAS and the Audit Manual (self-assessment); and
- an action plan to implement improvements.

Performance Measures and targets

The Head of Devon Audit Partnership will closely monitor the performance of the team to ensure agreed targets are achieved. A series of performance indicators have been developed for this purpose (please see over).

Internal Audit Performance Monitoring Targets.

Appendix 2

Performance Indicator	Full year target

Customer Satisfaction - % satisfied or very satisfied as per feedback forms	90%
Draft reports produced with target number of days (currently 15 days)	90%
Final reports produced within target number of days (currently 10 days)	90%

There are a number of other indicators that are measured as part of the audit process that will be captured and reported to senior management.

Once collated the indicators will be reported to the S.151 Officer on a regular basis, and will be summarised in an annual report. Performance indicator information will also be presented to the Audit Committee for information and consideration.

The Head of Devon Audit Partnership is expected to ensure that the performance and the effectiveness of the service improves over time, in terms of both the achievement of targets and the quality of the service provided to the user.

Customer (user) feedback

The PSIAS and the Internal Audit Manual state that internal audit performance, quality and effectiveness should be assessed at two levels:

- for each individual audit; and
- for the Internal Audit Service as a whole.

Customer feedback is also used to define and refine the audit approach. Devon Audit Partnership will seek feedback from:-

- auditees;
- senior leadership; and
- executive management.

The results from our feedback will be reported to Senior Management and the Audit Committee in the half year and annual reports.

Internal quality reviews

Devon Audit Partnership management have completed a self-assessment checklist against the PSIAS and have identified that there are no omissions in our practices. We consider that we fully meet over 95% of the elements; partially meet 3% (6); and are not required to or do not meet 2% (5) of the elements. The self-assessment will be updated annually, and, if management identify areas where we could further strengthen our approaches, these will be added to the Quality Action Improvement Plan.

In December 2016 Devon Audit Partnership welcomed Terry Barnett, Head of Assurance for Hertfordshire Shared Internal Audit Service and his colleague Chris Wood, Audit Manager, who completed an external validation of the Partnership.

Terry and Chris concluded that;

“It is our overall opinion that the Devon Audit Partnership **generally conforms*** to the Public Sector Internal Audit Standards, including the Definition of Internal Auditing, the Code of Ethics and the Standards.”

*** Generally Conforms** – This is the top rating and means that the internal audit service has a charter, policies and processes that are judged to be in conformance to the Standards
