1.0 Introduction

1.1 The Policy Framework consists of both statutory documents that have to be adopted or approved by the Council as well as locally determined policies and strategies that form an integral part of the decision making process and their subsequent implementation.

1.2 A list of Strategies and Policies covered by the Framework is attached at Appendix 1.

1.3 It is recommended that these Strategies and Policies be formally approved as the Council's Policy Framework in accordance with the Constitution so far as they still apply and are relevant.

1.4 As new policies are approved by Council they will automatically be added to the Policy Framework.

2.0 Way Forward

2.1 Under the Budget and Policy Framework Procedure Rules, the Cabinet will be responsible for the implementation of the Budget and Policy Framework.

- 2.2 The purpose of this report therefore is to inform the Cabinet of their role in the implementation of the budget and policy framework, and highlighting to the Scrutiny Committee, Audit Committee and Policy Development Groups its work for the coming year.
- 2.3 Members will note that within the Homes tab within the Framework, additional notes have been supplied which set out changes to the delivery of many of the policies that relate to the Building and Housing Services. The Group Manager for Public Health and Regulatory Services informed the Homes Policy Development Group at its meeting in November that many of the policies required updating in order to bring them into line with the new legislation and/or regulatory requirements, with most of the policies being subsumed into either the central strategic policies or standard policies as depicted below.

- 2.4 The Policy Framework covers all strategic rather than operational policies and highlights those which are for Cabinet only approval and those which require full Council approval.
