**Equality Impact Assessment:** No equality issues identified for this report.

**Impact on Climate Change:** No impacts identified for this report.

**1.0 Introduction**

- 1.1 The Risk Management Policy was last updated and approved by the Audit Committee on 23 March 2021.
- 1.2 The Council has a legal obligation to comply with the requirements placed upon it by the Accounts and Audit Regulations 2015 to conduct a review at least once a year of its system of internal control and include a statement reporting on the review with any published Statement of Accounts. For a local authority in England that statement is the Annual Governance Statement and will be presented to this Committee with the Statement of Accounts in May.

- 1.3 One of the principles of good governance as defined by the International Framework: Good Governance in the Public Sector (CIPFA/IFAC, 2014) is managing risks and performance through internal control and strong public financial management.
- 1.4 Risk Management forms an integral part of the Annual Governance Statement which is concerned with demonstrating that the Council has adequate and effective internal control arrangements in place for dealing with key business risks.
- 1.5 The purpose of this report is to update the Council's Risk Management Policy (attached as Appendix A) for the 2022/23 financial year. For ease of reference the changes to the document have been tracked. The changes are again very minor this year.

## 2.0 Risk Appetite/Tolerance and Reporting

- 2.1 Risk appetite is best summarised as 'the amount of risk an organisation is willing to seek or accept in pursuit of its long term objectives'. The Council aims to be risk aware, but not overly risk averse and to actively manage business risks to protect and grow the organisation. The Council's risk appetite scoring diagram or matrix is shown in section 2.2.
- 2.2 Risk tolerance is the level of risk which is acceptable to the Council. The Council's present tolerance levels are:

- **5 or less – Low,**
- **6 to 12 – Medium,**
- **15 to 25 - High.**

The matrix looks like this:

Impact	5	5	10	15	20	25
	4	4	8	12	16	20
	3	3	6	9	12	15
	2	2	4	6	8	10
	1	1	2	3	4	5
		1	2	3	4	5
Likelihood						

- 2.3 Strategic risks scoring 10 and above are reported to Audit Committee and Cabinet on the Performance and Risk reports 6 times a year from SPAR, the Corporate Service Performance and Risk Management system.

- 2.4 It is not proposed to change the Council's tolerance level or reporting arrangements at this time.

### **3.0 Conclusion**

- 3.1 Risk Management is not a separate initiative, but is a demonstration of good management practice. The Council has an obligation to provide assurance to Members and the Community that the principles of good governance, including Risk Management are reflected in the activities of the Council.
- 3.2 Approval of the Risk Management Policy (Appendix A) will assist with the Council embedding Risk Management and demonstrating good Governance principles.
