1 Introduction

1.1 Purpose

- 1.1.1 This policy is required under Article 4 of the Regulatory Reform (Housing Assistance) (England and Wales) Order 2002. The Order provides councils with the discretion to develop schemes to provide financial assistance to deal with a range of housing issues.
- 1.1.2 This policy is set out in two parts. Part One of the Policy identifies the areas on which the Devon Councils will focus Better Care Funding (BCF) in order to improve housing conditions across the districts. The funding will be targeted to those areas that contribute to the delivery of the Better Care Fund and Health and Wellbeing Board (HWB) priorities.
- 1.1.3 Part Two of the Policy provides details of assistance specific to the Councils local priorities outside the scope of the Better Care Fund. These schemes will be delivered using the Councils own funding subject to availability.
- 1.1.4 The policy covers a period of three-financial years from 22/23 to 24/25
- 1.1.5 This policy provides the Devon Councils with the flexibility and discretion to provide appropriate assistance to meet the aims and priorities set out in section 3 below.
- 1.1.6 This policy has been agreed by the following Councils:
- Devon County Council
 - East Devon District Council
 - Exeter City Council
 - Mid Devon District Council
 - North Devon District Council
 - South Hams District Council
 - Teignbridge District Council
 - Torridge District Council
 - West Devon District Council

1.2 Review

- 1.2.1 The Devon Wide policy has been reviewed twice, the latest being in 2019. Having worked with the policy for the last four years a more detailed review has been undertaken in consultation with stakeholders to identify any gaps or enhancements required to the policy. This policy incorporates the agreed

changes suggested by stakeholders and will be reviewed on a regular basis to ensure it continues to meet local needs.

1.3 Funding

- 1.3.1 The assistance contained within this policy subject to the availability of funding. Where funding is limited, priority for spend will be given to the provision of the Mandatory Disabled Facilities Grant programme across the County.

2 Context

2.1 Housing and Health

- 2.1.1 Housing is a key determinant of health, and by promoting good quality housing this policy can contribute to reducing health inequalities for the residents of Devon.
- 2.1.2 In 2008, flexibilities were introduced enabling councils to use government funding that has been allocated for disabled facilities grants more intelligently to deliver adaptations for disabled people outside of the mandatory grant regime.
- 2.1.3 Research has shown that there is a direct impact on the health and well-being of residents resulting from the homes in which they live; therefore, poor housing can contribute to poor health.
- 2.1.4 Each year hazards in the home result in unnecessary injuries, episodes of ill-health, and harm to mental health; in many cases the occupiers do not link the poor condition of their homes with a potential negative impact on their health. The poorest housing stock can be found in the private sector, and in some cases residents who own their own home are not able to maintain them resulting in the development of hazards.
- 2.1.5 This policy aims to address the link between housing conditions and health through the provision of adaptations that allow disabled people to remain safely and independently in their home; along with works to reduce serious hazards in the home that have the potential to cause accidents and ill health.
- 2.1.6 The Policy also aims to provide discretionary funding to help prevent homelessness and promote sustainable renting in the private sector.

2.2 Better Care Fund (BCF) and Metrics

- 2.2.1 In 2015 the government introduced the Better Care Fund (BCF) in an attempt to bring health and social care together in an integrated way. The fund is a combination of government funding from the Department of Health and the Department for Levelling Up, Housing and Communities and includes the grant allocation for disabled facilities grants (DFG).

- 2.2.2 Each year, in June, the government publishes the Better Care Fund Policy Framework, which lists the conditions that the better care fund must be used to address and these have remained largely unchanged.
- The conditions are:
- 2.2.3 **Condition 1:** *a jointly agreed plan between local health and social care commissioners, signed off by the HWB* – The local authority and Clinical Commissioning Groups (CCGs) must agree a plan for their local authority area that includes agreement on use of mandatory BCF funding streams. The plan must be signed off by the Health & Wellbeing Board (HWB).
- 2.2.4 BCF plans should set out a joined-up approach to integrated, person-centred services across local health, care, housing and wider public services. They should include arrangements for joint commissioning, and an agreed approach for embedding the current discharge policy in relation to how BCF funding will support this.
- 2.2.5 **Condition 2:** *NHS contribution to adult social care to be maintained in line with the uplift to CCG minimum contribution* - The funding must be used to contribute to the maintenance of adult social care services in each local authority.
- 2.2.6 The minimum expectation of spending for each HWB area is derived by applying the percentage increase in the CCG contribution to the BCF for the area to the 2020 to 2021 minimum social care maintenance figure for the HWB.
- 2.2.7 **Condition 3:** *invest in NHS commissioned out of hospital services* - BCF narrative plans should set out the approach to delivering this aim locally, and how health and local authority partners will work together to deliver it.
- 2.2.8 **Condition 4:** *a plan for improving outcomes for people being discharged from hospital* - This national condition requires areas to agree a joint plan to deliver health and social care services that support improvement in outcomes for people being discharged from hospital, including the implementation of the hospital discharge policy.
- 2.2.9 Having regard to the national conditions, areas have flexibility in how the fund is spent across health, care and housing schemes or services. Ambitions need to be agreed on how this spending will improve performance against the BCF metrics detailed below.
- 2.2.10 The metrics are as follows:
- [Discharge Indicator Set](#) - reducing length of stay in hospital, measured through the percentage of hospital inpatients who have been in hospital for longer than 14 and 21 days; and improving the proportion of people discharged home using data on discharge to their usual place of residence
 - Avoidable admissions to hospital
 - Admissions to residential and care homes
 - Effectiveness of re-ablement

- 2.2.11 Plans under national condition 4 (discharge) should describe how HWB partners will work with providers to improve outcomes for a range of discharge measures, covering both reductions in the time someone remains in hospital, effective decision making and integrated community services to maximise a person’s independence once they leave hospital.
- 2.2.12 This policy forms part of the suite of options to achieve these conditions. Devon County Council and the District Councils have identified an opportunity to provide additional grant and loan products to meet these conditions and deliver against the Health and Wellbeing Board priorities.

3 Priorities

3.1 Devon BCF Priorities

- 3.1.1 In Devon, the Better Care Fund priorities aim to achieve the following outcomes:
 - Reduced admissions to residential and nursing care homes

3.2 Health and Wellbeing Board Priorities

- 3.2.1 In addition to the above, the ‘Healthy and Happy Communities’ Devon Joint Health and Wellbeing Strategy 2020–25 also contains a series of priorities that this policy can contribute to.
- 3.2.2 The priorities are detailed below and those that this policy has a direct impact on are highlighted in bold.

3.3 Local District Priorities

3.3.1 Each Devon local authority has its own agreed priorities detailed within its Corporate/Strategic Plans that are specific to their areas. There are however some goals that are common across the county. These include:

- Providing quality housing
- Housing that is safe and meets the communities needs
- Promoting health and wellbeing

3.4 Objectives of this Policy

3.4.1 This policy aims to utilise the BCF funding to provide financial assistance to residents that helps realise the combined priorities detailed above.

3.4.2 In order to achieve this, the policy will focus on the following objectives:

- **Objective 1** - Assist disabled residents to remain in their own homes through supporting the provision of adaptations (so far as this is necessary, appropriate and reasonably practicable). To prevent admissions to care, to assist with delayed transfers where possible and to ensure a safe home that supports health and wellbeing.
- **Objective 2** – Safeguard the health and well-being of vulnerable residents by removing unnecessary hazards to health and safety in the home to reduce avoidable emergency admissions
- **Objective 3** – Provide adaptations that are suitable for the future by ensuring the scheme of works is dementia aware.
- **Objective 4** – Assist vulnerable people to afford to heat their homes through appropriate energy efficiency and heating measures.

- **Objective 5** – Assist vulnerable people impacted by hoarding and the cleanliness of their home environment.
- **Objective 6** – Assist people to move to more appropriate accommodation that meets their needs.
- **Objective 7** – Reduce and prevent homelessness and rough sleeping.

PART ONE – Better Care Fund Assistance

4 Mandatory Disabled Facilities Grants

4.1 Background

4.1.1 The delivery of the disabled facilities grant programme is mandatory and a statutory function of the local housing authority. The delivery of this function is governed by the Housing Grants, Construction and Regeneration Act 1996.

4.2 Eligibility

4.2.1 Any disabled resident seeking financial assistance with the cost of adaptations to their home must be assessed by an Occupational Therapist (OT) working on behalf of, in consultation with, or otherwise approved by Devon County Council.

4.2.2 For the purposes of the Disabled Facilities Grant a person is considered disabled if they meet any of the following criteria:

- their sight, hearing or speech is substantially impaired,
- they have a mental disorder or impairment of any kind, or
- they are physically substantially disabled by illness, injury, impairment present since birth, or otherwise.

4.2.3 A person under the age of eighteen shall be considered disabled if:

- they are on a register of disabled children maintained under paragraph 2 of Schedule 2 to the Children Act 1989, or
- they are in the opinion of the social services authority a disabled child as defined for the purposes of Part III of the Children Act 1989 (local authority support for children and their families).

4.2.4 All owners, tenants, licensees or occupiers who meet the above criteria are eligible to apply for a Disabled Facilities Grant to provide adaptations for a disabled person residing at the property.

4.3 Conditions

4.3.1 All grants other than those for children are subject to a test of financial resources, which is prescribed by The Housing Renewal Grants Regulations 1996.

4.3.2 At the time of writing, the grant maximum in England is £30,000. This is set by Government and is subject to occasional review. If the grant maximum is

reviewed, this policy will adopt the new grant maximum for England, as stated here: <https://www.gov.uk/disabled-facilities-grants/what-youll-get>, or other official UK Government source.

- 4.3.3 The disabled person must intend to occupy the property as their only or main residence for a period of five years after the works are complete (or such shorter period as the person's health or other relevant circumstances permit).
- 4.3.4 In order to make an application the applicant must supply the following:
- A completed and signed application form
 - Evidence of financial situation
 - Evidence of ownership of the property or the right to reside at the property
 - Permission for the works to be carried out (if applicable)
 - For more complex works; a detailed schedule of works and plans that must be agreed by the council and OT as appropriate.
 - Any planning or building regulation approvals
 - Tenders for the works unless using an agreed procurement framework.
- 4.3.5 The applicant must have permission from the owner of the property for the work to be carried out. The council will require an owner's certificate if the property is rented.
- 4.3.6 Only the works agreed by the council will be covered by the grant.
- 4.3.7 If the grant is approved there are 12 months to complete the works from the date of approval.
- 4.3.8 The works must be completed by the contractor stated on the approval document.
- 4.3.9 No grant works should proceed until the grant application has been approved and all relevant Planning, Building Regulation or landlord approvals have been obtained.
- 4.3.10 If the applicant has a financial contribution towards the cost of adaptations they must ensure they have funds in place to cover their share of the costs before the work begins on site.
- 4.3.11 Subject to conditions, a loan from Lendology Community Interest Company may be available to cover an assessed financial contribution to a grant.
- 4.3.12 Unforeseen and additional costs will only be paid for where they are necessary in order to complete the adaptation and must be agreed by the council before they are undertaken.
- 4.3.13 In some cases a local charge may be applied (refer to 4.3.18) when the grant is complete. Any increase in the grant amount awarded may have an impact on the level of charge placed against the property.

- 4.3.14 Applicants who are successful in their application for assistance will be required to maintain the adaptation. The Council is not responsible for any maintenance or repair once the grant is complete.
- 4.3.15 The contract for the works is the responsibility of the applicant.
- 4.3.16 In all but the most exceptional cases, the council will seek to pay any approved grant funds directly to contractors on satisfactory completion of works.
- 4.3.17 No grant will be paid until a satisfactory invoice has been received and the works have been carried out to the satisfaction of the Council.
- 4.3.18 Only works falling within the mandatory elements, as specified in Appendix A, will be covered by the grant.
- 4.3.19 For owner occupiers, where the grant is in excess of £5,000 a local land charge will be placed on the property for the amount over £5,000 up to a maximum of £10,000. This charge will remain on the property for a period of 10 years from the date the grant is certified as complete.
- 4.3.20 Repayment of the charge is only applicable if the property is sold, assigned or transferred within the 10 year condition period.
- 4.3.21 If the property is to be transferred, assigned or sold within that period then the council must have regard to the following before repayment is requested:
- the extent to which the recipient of the grant would suffer financial hardship were they to be required to repay all or any of the grant;
 - whether the disposal of the premises is to enable the recipient of the grant to take up employment, or to change the location of their employment;
 - whether the disposal is made for reasons connected with the physical or mental health or wellbeing of the recipient of the grant or of a disabled occupant of the premises; and
 - whether the disposal is made to enable the recipient of the grant to live with, or near, any person who is disabled or infirm and in need of care, which the recipient of the grant is intending to provide, or who is intending to provide care of which the recipient of the grant is in need by reason of disability or infirmity.
- 4.3.22 Where the cost of the work exceeds the mandatory grant limit the applicant may be eligible to apply for an Accessible Homes Grant, subject to available funds.

5 Stair Lift Grant

5.1 Background

- 5.1.1 The Stair Lift Grant is subject to available funding.

- 5.1.2 This grant provides internal and external straight track or curved track stair lifts, step lifts and through-floor lifts without a means test for the applicant.
- 5.1.3 This grant also covers relevant preparatory and other works necessary for installation of the lift.
- 5.1.4 This grant includes provision of rented stair lifts for end of life care, or any other reason, as specified by the Occupational Therapist.

5.2 Eligibility

- 5.2.1 To be eligible for this grant the following must be in place:
- Any disabled resident seeking financial assistance with the cost of adaptations to their home must be assessed by an Occupational Therapist (OT) working on behalf of, in consultation with, or otherwise approved by Devon County Council.
 - Where additional works are required to install the stair lift or other relevant lift, these will be covered as part of this grant.
 - Where an applicant/disabled person requires multiple adaptations, the stair lift (or other eligible lift) will be provided through this grant and other adaptations will be provided through the DFG or accessible homes grant where the applicant is eligible.
 - All owners, tenants, licensees or occupiers who meet the above criteria are eligible to apply for this grant to provide adaptations for a disabled person residing at the property.

5.3 Conditions

- 5.3.1 The applicant must have permission from the owner of the property for the work to be carried out. The council will require an owner's certificate if the property is rented.
- 5.3.2 The applicant intends to live in the property as their only or main residence for the period of 5 years or for a shorter period as health or other relevant circumstances permit.
- 5.3.3 The final approved sum will be based on competitive contracting through the council's procurement system, or other process.
- 5.3.4 Only the works agreed by the council will be covered by the grant.
- 5.3.5 The works must be completed by the contractor stated on the approval document, unless otherwise agreed with the council.
- 5.3.6 No grant works should proceed until the grant application has been approved and all relevant Planning, Building Regulation or landlord approvals have been obtained.

- 5.3.7 Unforeseen and additional costs will only be paid for where they are necessary to complete the adaptation and must be agreed by the council before they are undertaken.
- 5.3.8 Applicants who are successful in their application for assistance will be required to maintain the equipment and any associated works. This includes adhering to the terms of any guarantee or warranty and ensuring the equipment is regularly serviced at the applicants cost.
- 5.3.9 The contract for the works is the responsibility of the applicant.
- 5.3.10 In all but the most exceptional cases, the council will seek to pay any approved grant funds directly to contractors on satisfactory completion of works.
- 5.3.11 No grant will be paid until a satisfactory invoice has been received and the works have been carried out to the satisfaction of the applicant and Council.
- 5.3.12 Lifts (stair lifts, step lifts and through floor lifts) and other equipment funded through the grant process will belong to the applicant. Servicing, upkeep and disposal is the responsibility of the applicant. The Council only usually remove lifts or other equipment if they are able to be economically refurbished and reused, or in the case of a moving grant, equipment may be removed to be re-used in the 'new' property if considered an effective use of resources.
- 5.3.13 No local land charge will be placed against the property for this grant.
- 5.3.14 The council reserves the right to reclaim this grant from a social housing provider or private landlord in the following circumstances:
- a. if the tenant for whom the grant was originally approved is unreasonably required to leave the property within the grant condition period (5 years), or
 - b. if the property is not let to a household that will benefit from the adaptation upon any re-let within the grant condition period (5 years).

6 Bathroom Adaptation Grant

6.1 Background

- 6.1.1 The Bathroom Adaptation Grant is subject to available funding.
- 6.1.2 This grant provides level access showers, automatic wash-dry WCs and other bathroom adaptations and/or equipment without a means test for the applicant.
- 6.1.3 This grant also covers relevant preparatory and other works necessary for safe installation but does not cover substantial works such as extensions.

6.2 Eligibility

- 6.2.1 To be eligible for this grant the following must be in place:
- Any disabled resident seeking financial assistance with the cost of adaptations to their home must be assessed by an Occupational Therapist (OT) working on behalf of, in consultation with, or otherwise approved by Devon County Council.
 - Where additional works are required to provide accessible washing/hygiene facilities these will be covered as part of this grant.
 - Where an applicant/disabled person requires multiple adaptations, the bathroom adaptations (or other eligible works) will be provided through this grant and other adaptations will be provided through the DFG or accessible homes grant where the applicant is eligible.
 - All owners, tenants, licensees or occupiers who meet the above criteria are eligible to apply for this grant to provide adaptations for a disabled person residing at the property.
- 6.2.2 This grant is not available to fund the building of an extension, or other major building alteration to provide a bathroom. Substantive building work would be funded by DFG, or other means, depending on eligibility. In such cases, this grant can be used to fit out the bathroom.

6.3 Conditions

- 6.3.1 The applicant must have permission from the owner of the property for the work to be carried out. The council will require an owner's certificate if the property is rented.
- 6.3.2 The applicant intends to live in the property as their only or main residence for the period of 5 years or for a shorter period as health or other relevant circumstances permit.
- 6.3.3 The final approved sum will be based on competitive contracting through the council's procurement system, or other process.
- 6.3.4 Only the works agreed by the council will be covered by the grant.
- 6.3.5 The works must be completed by the contractor stated on the approval document, unless otherwise agreed with the council.
- 6.3.6 No grant works should proceed until the grant application has been processed and all relevant planning, Building Regulation or landlord approval has been obtained.
- 6.3.7 Unforeseen and additional costs will only be paid for where they are necessary to complete the adaptation and must be agreed by the council before they are undertaken.

- 6.3.9 The contract for the works is the responsibility of the applicant.
- 6.3.10 In all but the most exceptional cases, the council will seek to pay any approved grant funds directly to contractors on satisfactory completion of works.
- 6.3.11 No grant will be paid until a satisfactory invoice has been received and the works have been carried out to the satisfaction of the applicant and Council.
- 6.3.12 No local land charge will be placed against the property for this grant.
- 6.3.13 The council reserves the right to reclaim this grant from a social housing provider or private landlord in the following circumstances:
- a. if the tenant for whom the grant was originally approved is unreasonably required to leave the property within the grant condition period (5 years), or
 - b. if the property is not let to a household that will benefit from the adaptation upon any re-let within the grant condition period (5 years).

7 Accessible Homes Grant - General

7.1 Background

- 7.1.1 The Accessible Homes Grant is subject to available funding.
- 7.1.2 Grant funding may be available in the following circumstances:
- Where a mandatory grant has been approved but the cost of the work exceeds the mandatory grant maximum.
 - Where there are works that may not be covered by the Disabled Facility Grant in relation to adapting the home and making it safe.
 - To pay fees associated with feasibility surveys etc. to determine if an eligible adaptation can proceed.

7.2 Eligibility

- 7.2.1 To be eligible for this grant the applicant must either:
- be eligible to apply for a mandatory Disabled Facilities Grant, or
 - require other works or equipment deemed as reasonable and practicable by the council to adapt the home or make it safe for the disabled occupant, or their carer(s).
 - All owners, tenants, licensees or occupiers who meet the above criteria are eligible to apply for this grant to provide adaptations for a disabled person residing at the property.

7.2.2 Applications for a disabled adult are subject to the DFG means test, it is likely that this will have been completed as part of the formal Disabled Facility Grant application and therefore will not need to be repeated

7.2.3 There will be no means test of parents and/or guardians of a disabled child in line with the requirements of the mandatory DFG.

7.3 Conditions

7.3.1 Where the applicant has a combination of Accessible Homes Grants (including Contribution grants and Moving grants) to deliver the agreed adaptations the maximum amount that can be applied for is £40,000. Any costs required that are over a combined total of £40,000 will not attract any further Accessible Homes Grant funding and alternative sources such as a loan will need to be considered. This does not preclude further applications for an AHG if additional adaptations are required in the future.

7.3.2 Evidence supplied by the Disabled Facility Grant application will be used to support the application for the Accessible Home Grant.

7.3.3 For owner applications a local land charge will be placed on the property for the full value of the awarded Accessible Homes Grant. The full charge(s) will be repayable if the property is sold, assigned or transferred within 10 years of the grant being completed. This is in addition to any land charge placed on the property under other sections of this policy.

7.3.4 As this is a discretionary grant, the Accessible Homes Grant will be recovered in all circumstances of the property being sold, assigned or transferred unless there are exceptional circumstances. These circumstances will be considered on a case by case basis.

7.3.5 Only the works agreed by the council will be covered by the grant

7.3.6 Eligible works must be completed within 12 months of the grant being approved.

7.3.7 The works must be completed by the contractor stated on the approval document, unless otherwise agreed with the council.

7.3.8 No grant works should proceed until the grant application has been processed and all relevant planning, Building Regulation or landlord approval has been obtained.

7.3.9 Unforeseen and additional costs will only be paid for where they are necessary to complete the adaptation and must be agreed by the council before they are undertaken.

7.3.10 Any increase in the grant may have an impact on the charge placed against the property.

7.3.11 Applicants who are successful in their application for assistance will be responsible for maintaining the adaptation.

7.3.12 The contract for the works is the responsibility of the applicant.

- 7.3.13 The grant will normally be paid direct to contractors in all but the most exceptional cases.
- 7.3.14 The council will only offer grant funding for those works that are considered appropriate, reasonable and practicable to meet the needs of the disabled person.
- 7.3.15 No grant will be paid until a satisfactory invoice has been received and the works have been carried out to the satisfaction of the council.
- 7.3.16 In addition to the above, this grant is subject to the conditions of the primary DFG grant to which it is contributing.

8 Accessible Homes Grant – Contribution

8.1 Background

- 8.1.1 The Accessible Homes Contribution Grant is available where the DFG means test identifies that a contribution is required.
- 8.1.2 The Accessible Homes Contribution Grant is subject to available funding.

8.2 Eligibility

- 8.2.1 To be eligible for this grant the applicant/disabled person must meet the following:
- eligible to apply for a mandatory Disabled Facilities Grant, or
 - eligible for the 'Accessible Homes Grant – General'
- 8.2.2 An applicant/disabled person will only be eligible for grant funding to cover an identified contribution following an assessment of their available savings to cover the contribution.
- 8.2.3 As a rule of thumb where the contribution represents a third or more of the person savings then a grant may be available. However, this will be applied on a sliding scale to allow those with some savings to benefit from a partial grant to cover some of the contribution. For example:
- a) An applicant has a means tested contribution of £1500.00. If the applicant has savings of £4500 or less, they will be able to access additional grant to cover the contribution; subject to grant limits and finance availability.*
 - b) An applicant has a means tested contribution of £1500.00. If the applicant has savings of £6000, they will be able to access £1000 of additional grant to cover the contribution; but they would be expected to pay £500.*

8.3 Conditions

- 8.3.1 The grant maximum for combined Accessible Homes Grants (including general and moving grants) is £40,000. Anything over £40,000 will not attract any further Accessible Homes Grant funding.
- 8.3.2 Evidence supplied by the Disabled Facility Grant application will be used to support the application for the Accessible Home Contribution Grant.
- 8.3.3 For owner applications a local land charge will be placed on the property for the full value of the awarded Accessible Homes Contribution Grant. This is in addition to any land charge placed on the property under other sections of this policy.
- 8.3.4 As this is a discretionary grant, the Accessible Homes Contribution Grant will be recovered in all circumstances of the property being sold, assigned or transferred unless there are exceptional circumstances. These circumstances will be considered on a case by case basis.
- 8.3.5 In addition to the above, this grant is subject to the conditions of the primary DFG grant to which it is contributing.

9 Accessible Home Grants: Moving Application

9.1 Background

- 9.1.1 This grant may be available to assist a disabled person to move to more suitable accommodation subject to available funding.

9.2 Eligibility

- 9.2.2 An applicant will be eligible for this grant:
- Where the Occupational Therapist and/or the Council consider re-housing to be more appropriate than adapting the existing accommodation.
 - Where the landlord has refused permission for any adaptation works to be carried out and therefore it is no longer feasible for the occupier to remain in the property safely.
 - Where it is possible to carry out works at the existing property but a move is preferred, the total cost incurred in the eligible 'moving' expenses plus any estimated eligible adaptation costs at the 'new' property should not be greater than the cost of adapting the applicant's current home.
 - Where the 'new' property, in the opinion of the Council, provides a long term, sustainable home for the person for whose benefit the works are required.

- Adaptations at the 'new' property will be subject to the Statement of Need and a new DFG application. Adaptations may exceed the mandatory DFG grant and any top-up assistance available, so any likely contribution by the applicant/disabled person should be considered prior to moving.
- If the 'new' property is within a neighbouring authority covered by this policy then the receiving authority will need to ensure the new property is suitable. This should also be agreed with the Occupational Therapist. The applicant must ensure that the relevant council's officers and Occupational Therapist have been consulted and any subsequent DFG application is made to the receiving authority.
- To qualify for this grant the applicant must have been resident in the existing property for at least 2 years prior to making an application to move.

9.2.2 In determining the 'reasonable expenses' regard shall be given to the following criteria:

- The cost of the eligible works at the applicant's existing property are not deemed reasonable, or;
- The eligible works at the applicant's existing home are not technically feasible, or;
- The adaptation of the applicant's existing property does not provide a sustainable, long term solution for their housing needs, or;
- The landlord of the property refuses to give permission for the necessary works to be carried out.
