Introduction

Through our Corporate Plan, we want to set out our ambitions for Mid Devon and the Council. By doing this, we hope to provide a shared understanding of what we are trying to achieve. Our Corporate Plan is split into five sections (or themes). These are:

- Planning, Environment & Sustainability
- Community, People & Equalities
- Homes
- Economy & Assets
- Service Delivery & Continuous Improvement

Within each of these five themes we set out:

- What we want to achieve
- How we will achieve it
- How we will measure our performance

The Council's Corporate Plan provides the framework for the delivery and monitoring of the Council's corporate ambitions.

Background

Mid Devon District Council serves a rural location covering an area of 353 square miles (914 km²) in the agricultural heartland of Devon, between Dartmoor, Exmoor and the Blackdown Hills. Mid Devon has three principle towns – Tiverton, Cullompton and Crediton. These towns provide services for surrounding rural communities.

Approximately 83,000 people live in Mid Devon, and more than half of our residents live in villages across the rural hinterland. Of the 296 districts in England, Mid Devon is the 32nd largest by area, but it is also the 23rd smallest by population. This reflects its rural characteristics.

Strategically located on South West England's main transport and communication corridor, Mid Devon is mid-way between Taunton and Exeter. Our main offices lie to the North East of the city of Exeter, one of the most rapidly expanding economies in the country. As a district council, Mid Devon has sought to maximise this opportunity by delivering quality growth in a high-quality environment.

“It is my pleasure to present the Corporate Plan 2024 - 2027. This Plan expresses a positive and ambitious vision for Mid Devon, however it also acknowledges the financial challenges facing the Council, and the district more generally. Understanding this broader context is important for setting the right expectations. The actions and targets set out in the corporate plan must be both ambitious and achievable in order to provide a meaningful assessment of the progress the Council is making. We will keep these under regular review to ensure they drive continual improvement and deliver the Council’s vision. We are committed to engaging with others in a collaborative way. We are strong local leaders, and will help others to improve and grow. We take pride in doing this.”

Cllr Luke Taylor
Leader of Mid Devon District Council

Facts and Figures

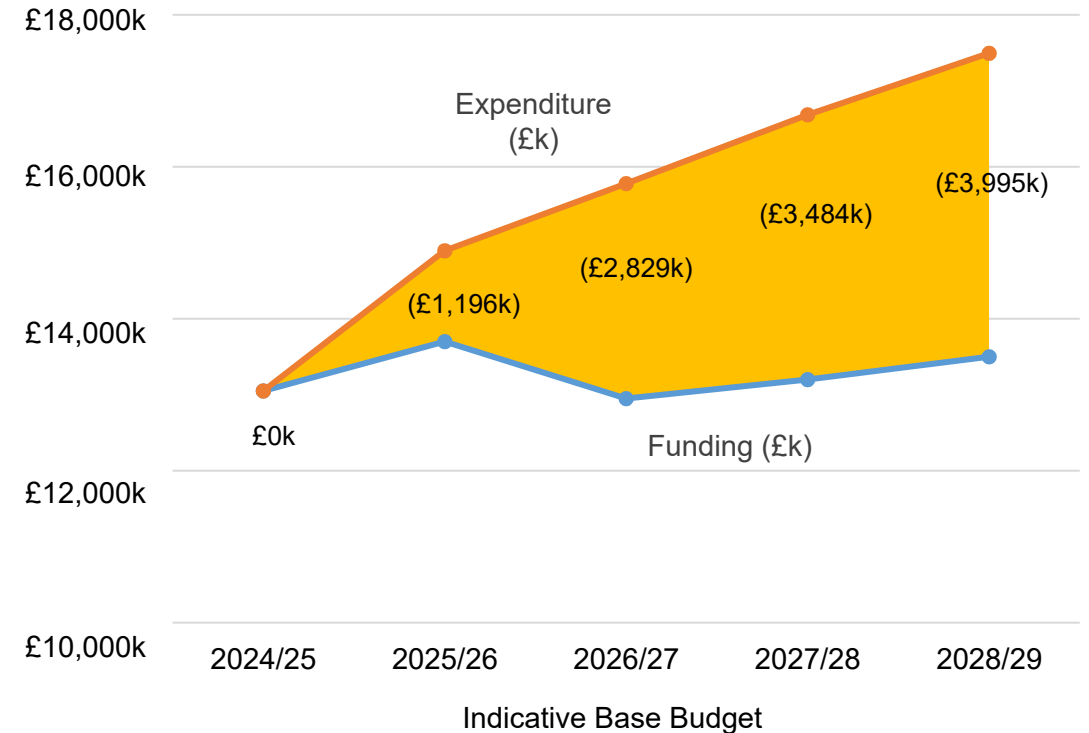

Medium Term Financial Plan

The General Fund Medium Term Financial Plan summary position shows a cumulative shortfall of £3,995k over the remaining four-years of the Plan which remains to be addressed.

The underlying budget shortfall occurs largely in 2025/26 and 2026/27 due to inflation and reduced grant funding assumptions linked to long outstanding and overdue reforms to Local Government Funding mechanisms. These include:

- 2025/26 Grant allocations remain as per 2024/25. 2026/27 and beyond Grant Allocations assume a 50% reduction;
- A partial loss of historic growth in business rates on reset of the business rates system in 2026/27;
- Council Tax referendum principles at previous levels (£5 or 2%) from 2025/26.

These projections demonstrate the challenging financial position facing local councils, and set the context for outlining our corporate objectives.

Our Priorities

Our aims and objectives are centred around five themes:

Planning, Environment & Sustainability - To be a leader and pioneer of best practice so new innovation and thinking is at the heart of the services we deliver and informs our planning policies.

Community, People & Equalities - Involving and engaging with our communities, ensuring everyone is treated with equity and respect, and protecting our most vulnerable.

Homes - Delivering new affordable and social homes annually, improving and maintaining the existing stock to the highest standards.

Economy & Assets - Growing the District Economy and increasing returns from our assets.

Service Delivery & Continuous Improvement - Delivering Council services that residents want in the right way, in the right place and at the right price.

1 Planning, Environment & Sustainability

To be a leader and pioneer of best practice so new innovation and thinking is at the heart of the services we deliver and informs our planning policies.

1.1 Demonstrate climate leadership through achieving ambitious net zero targets

We will take action on reducing our own emissions, but will also look to bring in additional funding to make our journey towards net zero a reality. Lowering our fleet emissions and supporting tree planting schemes will feature alongside opportunities to ensure our high-energy services, such as leisure centres, are as efficient as possible.

1.2 Support the district's climate resilience and net zero carbon aspirations

We will continue to expand the provision of electric charging points across the district and will support community groups undertaking environmental action – sharing best practice and encouraging learning across Mid Devon. We will continue to work to support the implementation of the Devon Carbon Plan and will look beyond our borders to learn from others as we support our communities to take opportunities to lower emissions and generate renewable energy.

1.3 We will work with stakeholders to introduce planning policy which reflects the key issues and challenges facing the district

We will work with communities to bring forward the new local plan – Plan Mid Devon based around our top planning priorities, seeking to encapsulate and reflect the planning ambitions of the council and its communities. As the Government increases its oversight on planning performance, we will ensure our planning decisions are timely, robust and defensible.

1.4 We will ensure that biodiversity is increased across the district

We will develop and implement our biodiversity duty action plan, and will encourage developers to exceed the minimum 10% biodiversity net gain, working with local communities where possible, in order to bring real enhancement to nature across the district.

1.5 We will value and protect Mid Devon's natural and built environment

We will work with our communities to address environmental damage and will look to prosecute those who cause harm through fly tipping or littering. We will also challenge those who fail to mitigate environmental impact, liaising with other statutory bodies as required to bring about change. We recognise the importance of the built environment and will work to protect our heritage.

Our Values

The organisation has an agreed set of core values that underpin the way we work and how we fulfil our aspirations. These values are known as the four Ps and set out what we believe should be the basis for the type of organisation we want to be.

These values are:

- People
- Performance
- Pride
- Partnership

While our organisation is a place-based entity, rooted in the custodianship of the area of Mid Devon, it is nevertheless primarily a people-focused business. The organisation supports and is steered by our Councillors as the democratically-elected representatives of the people, and is run for the benefit of the people of Mid Devon. Our performance as individuals and as a collective is paramount, and we expect all those working for or with Mid Devon to take pride not only in their own work, but in the way we operate and the outcomes that are achieved for our communities.

Finally, we recognise the core value of partnership as so many of our services depend on our relationships and collaboration with suppliers, contractors, government and its departments and agencies; local towns, parishes and the voluntary sector; or the wider strategic network of councils working together across Devon and the South West.

Summary

The corporate plan sets out the ambition for what the council is aiming to achieve over the next four year period. It acts as the driving force behind our collective efforts and the guiding principles unifying our shared intent. Importantly, it also sets the strategic framework for managing our performance – and this cascades through the organisation in order that everyone can understand their role and how their success as an individual or as a local delivery team contributes to the success of the whole organisation and wider Mid Devon team.

We will use regional and national benchmarking to evaluate our performance and will ensure that we take opportunities to learn in order to deliver services for the people of Mid Devon that are informed by best practice and tailored to reflect the needs of our residents and communities. We will look ‘up and out’ not only to contextualise our own performance, but also to seek opportunities to collaborate with other authorities; neighbours, peer groups, and national innovators, to deliver better quality, more efficient services.

We start this corporate plan with a number of award winning services and top quartile achievement on a national basis. Against an increasingly difficult resource backdrop for local government, our challenge will be to maintain our existing high performance in the priority areas set out in this plan, and to support those functions where greater focus is needed. Our ambition can only be delivered by continuing to transform and modernise the way we work in order to deliver best value, by recognising the partnership and community interests of many other stakeholders in delivering this plan, and by working to maximise the effectiveness of all those with whom we share a common goal.
