

## Equality Impact Assessment

### **Purpose of the Equality Impact Assessment process:**

The Equality Act (2010) introduced the [Public Sector Equality Duty](#) (PSED) requiring public bodies to give due regard to the need to:

- Eliminate unlawful discrimination
- Advance equality of opportunity
- Foster good relations

Consideration must be given to the protected characteristics covered by the Equality Act (2010). Assessments should consider relevant evidence relating to persons with protected characteristics in relation to assessments of potential impact.

The purpose of an Equality Impact Assessment (EIA) is to ensure that policies, functions, plans or decisions (hereafter referred to as 'policy/ decision') do not create unnecessary barriers for people protected under the Act. Where negative impacts are identified these should be eliminated or minimised, and opportunities for positive impact should be maximised. An EIA is not required for a decision in relation to an individual.

Screening is a short exercise to determine whether a policy/ decision is relevant to equalities, and if so, whether a full EIA should be conducted.

**Decision by Corporate Manager to recommend this policy/ decision for an Equality Impact Assessment?**

**Yes/ No**

**If the answer is “Yes”, please continue to the Section 2 and complete the Equality Impact Assessment. If the answer is “No”, please give a brief reason here.**

The policy will eliminate unlawful discrimination and is neutral impact against the specified protected characteristics.

MDH has a collection of housing related policies. The use of these helps to ensure that service delivery is consistent and fair. These are currently being reviewed with the aim of aligning them more closely with the Regulatory Standards.

Furthermore, there is a regulatory requirement for registered providers of social housing to tailor their services to meet the needs of tenants. MDH collects data on the diversity of tenants and endeavours to tailor services to meet the needs of all tenants and to enable compliance to be monitored.

Where a tenant is considered vulnerable MDH will collaborate closely with them to avoid possession action where possible, and each case will be referred to the Neighbourhood Team Leader Income and/or other support services before any eviction order is sought.

National research and professional accounts suggest that elderly people are more likely to be experiencing a hoarding disorder due to frailty, social isolation and the nature of the disorder which tends to escalate over time. The policy will meet its obligations under the Equalities Act; it will not discriminate against any particular group and each individual will be treated fairly and without discrimination.
