

Equality Impact Assessment

Purpose of the Equality Impact Assessment process:

The Equality Act (2010) introduced the [Public Sector Equality Duty](#) (PSED) requiring public bodies to give due regard to the need to:

- Eliminate unlawful discrimination
- Advance equality of opportunity
- Foster good relations

Consideration must be given to the protected characteristics covered by the Equality Act (2010). Assessments should consider relevant evidence relating to persons with protected characteristics in relation to assessments of potential impact.

The purpose of an Equality Impact Assessment (EIA) is to ensure that policies, functions, plans or decisions (hereafter referred to as 'policy/ decision') do not create unnecessary barriers for people protected under the Act. Where negative impacts are identified these should be eliminated or minimised, and opportunities for positive impact should be maximised. An EIA is not required for a decision in relation to an individual.

Screening is a short exercise to determine whether a policy/ decision is relevant to equalities, and if so, whether a full EIA should be conducted.
