Section 1 – Summary and Recommendation(s)

To provide Members with a quarterly update on the Corporate Risk Register.

Recommendation(s):

That Cabinet Members review the Corporate Risk Register and feedback any areas of concern.

Section 2 – Report

1.0 Introduction

- 1.1 The Corporate Risk Register (CRR) contains the strategic risks which are most likely to impact the corporate priorities of Mid Devon District Council. It is reviewed at least quarterly by Heads of Service and the Leadership Team and updated as required. It is then presented to the Audit committee and to Cabinet. Risks are managed on the Council's corporate performance and risk management system, SPAR.
- 1.2 The corporate risks are presented on a risk matrix (heat map), Appendix 1. Information on each risk is presented in a standard template, Appendix 2.

These risks have been determined by the Council's Leadership Team in consultation with Corporate Managers and other council officers.

2.0 Summary of Corporate Risk

2.1 There are currently 18 risks on the CRR. Risks are presented with both their current and target risk ratings. Also included is a trend symbol indicating any change to the risk rating since the previous review.

Risk rating change since previous update:

↑ Increased

↔ No change

↓ Decreased

2.2 For each risk the following information is given in Appendix 2:

- Risk name
- Risk description
- Current risk severity and likelihood
- Current risk rating
- Risk Owner

- Risk Type
- Mitigating actions (including name, description, responsible officer, current effectiveness and when it was reviewed)
- Notes.

2.3 Since this report was last published in August 2024, the following significant changes have been made to the CRR:

- The risk ratings of CR1a; CR1b; and CR10 have all decreased. This reflects developments in relation to: Funding secured for provision of the Relief Road from Homes England and associated capacity funding; significant progress with regard to land assembly; and the Outline Business Case for M5 Junction 28 improvements being submitted.
- The risk rating of CR14 Workforce Shortage has decreased from 9 to 6. This reflects an decrease in risk likelihood (3 to 2) as a result of the concluded pay talks.
- The risk rating of CR16 Building Control service viability has increased from 9 to 12. This reflects workforce challenges in the service.
- The risk rating of CR17 Severe Weather Emergency Recovery has increased from 8 to 12. This relates to the intrinsic likelihood of the risk being higher during autumn/ winter.

Financial Implications

There are no direct financial implications arising from this report. However, risks which are not mitigated may have financial implications for the council. Equally, the treatment of risk may require resources to be (re)allocated. Having a robust approach to risk management will continue to help the council minimise future financial risks and implications. A number of the corporate risks being managed contain financial risk, such as CR7 Financial Sustainability.

Legal Implications

Risk management is an integral part of the Council's Corporate Governance arrangements and there is a statutory responsibility under the Account and Audit Regulations (2015) to put in place risk management arrangements.

Risk Assessment

Failure to take advantage of opportunities and mitigate risks could impact on the Council's ability to deliver its strategic objectives. Assessment of the effectiveness of the framework for identifying and managing risks and for demonstrating clear accountability is a key element of the Council's governance arrangements.

Impact on Climate Change

Corporate Risk 3 relates directly to the council meeting its climate change targets.

Equalities Impact Assessment

Having a council which is resilient to risk means that it is better positioned to support its communities. A number of corporate risks which relate to equalities are detailed on the Corporate Risk Register. This includes CR4 Homes for Ukraine; CR11 Cost of Living Crisis; and CR12 Housing Crisis. Actions to mitigate these risks will support the council meet its equality duties.

Relationship to Corporate Plan

Effective risk management is crucial to enable the council to mitigate risks to achieving Corporate Plan priorities.
