

Equality Impact Assessment

Purpose of the Equality Impact Assessment process:

The Equality Act (2010) introduced the [Public Sector Equality Duty](#) (PSED) requiring public bodies to give due regard to the need to:

- Eliminate unlawful discrimination
- Advance equality of opportunity
- Foster good relations

Consideration must be given to the protected characteristics covered by the Equality Act (2010). Assessments should consider relevant evidence relating to persons with protected characteristics in relation to assessments of potential impact.

The purpose of an Equality Impact Assessment (EIA) is to ensure that policies, functions, plans or decisions (hereafter referred to as 'policy/ decision') do not create unnecessary barriers for people protected under the Act. Where negative impacts are identified these should be eliminated or minimised, and opportunities for positive impact should be maximised. An EIA is not required for a decision in relation to an individual.

Screening is a short exercise to determine whether a policy/ decision is relevant to equalities, and if so, whether a full EIA should be conducted.

Evidence and Consultation

What existing sources of information have you gathered to help identify how people covered by the protected characteristics may be affected by this policy/ decision? E.g. consultations, national or local data and/or research, complaints or customer feedback. Please identify any gaps in the available information that might make it difficult to form an opinion about the effect of the policy on different groups.

The contents of the Tenancy Management Policy provides guidance as to how MDH will respond to the rights and responsibilities tenants have in accordance with their tenancy agreement. This policy does not change any tenancy rights, but sets out MDH's statutory responsibilities to its tenants.

All MDH tenants have a tenancy agreement that provides them with the rights outlined in legislation. The policy sets out how MDH will respond to issues that arise under the tenancy agreement. No communities or groups are affected in an adverse way.

The policy applies to all MDH tenants as all tenants have rights. Some tenancy rights will only be triggered where the tenant's circumstances dictate.

Some tenants, for example secure tenants, will have more rights than introductory tenants. This is reflective of the current legal and policy framework.

MDH will maximise access for all groups. Where requested, MDH will have the tenancy agreement and policy translated if English is not the tenant's first language. Support services are able to attend sign-up to ensure that the tenant understands their rights and responsibilities before signing the tenancy agreement.

Please complete this table for all the Protected Characteristics. If you have identified any negative impacts you will need to consider how these can be justified or where possible mitigated either to reduce or remove them. (Please add rows where needed)
