

**MID DEVON DISTRICT COUNCIL
ANNUAL GOVERNANCE STATEMENT 2015/16**

1.0 SCOPE OF RESPONSIBILITY

- 1.1 Mid Devon District Council is responsible for ensuring that its business is conducted in accordance with the law and proper standards, and that public money is safeguarded and properly accounted for, and used economically, efficiently and effectively. Mid Devon District Council also has a duty under the Local Government Act 1999 to make arrangements to secure continuous improvement in the way in which its functions are exercised, having regard to a combination of economy, efficiency and effectiveness.
- 1.2 In discharging this overall responsibility, Mid Devon District Council is responsible for putting in place proper arrangements for the governance of its affairs, facilitating the effective exercise of its functions, and which includes arrangements for the management of risk.
- 1.3 Mid Devon District Council has approved and adopted a code of corporate governance, which is consistent with the principles of the CIPFA/SOLACE Framework *Delivering Good Governance in Local Government*. A copy of the code is on our website at www.middevon.gov.uk or can be obtained from the Head of Communities & Governance. This statement explains how Mid Devon District Council has complied with the code and also meets the requirements of Accounts and Audit (England) Regulations 2015, regulation 6(1), which requires all relevant bodies to prepare an annual governance statement.

2.0 THE PURPOSE OF THE GOVERNANCE FRAMEWORK

- 2.1 The governance framework comprises the systems and processes, culture and values, by which the authority is directed and controlled and its activities through which it accounts to, engages with and leads its communities. It enables the authority to monitor the achievement of its strategic objectives and to consider whether those objectives have led to the delivery of appropriate services and value for money.
- 2.2 The system of internal control is a significant part of that framework and is designed to manage risk to a reasonable level. It cannot eliminate all risk of failure to achieve policies, aims and objectives and can therefore only provide reasonable and not absolute assurance of effectiveness. The system of internal control is based on an ongoing process designed to identify and prioritise the risks to the achievement of Mid Devon District Council's policies, aims and objectives, to evaluate the likelihood and potential impact of those risks being realised and the impact should they be realised, and to manage them efficiently, effectively and economically.

**MID DEVON DISTRICT COUNCIL
ANNUAL GOVERNANCE STATEMENT 2015/16**

2.3 The governance framework has been in place at Mid Devon District Council for the year ended 31 March 2016 and up to the date of approval of the Annual Report and Statement of Accounts for the 2015/16 financial year.

3.0 THE GOVERNANCE FRAMEWORK

3.1 The Council's Governance Framework addresses the way the Council is controlled and managed, both strategically and operationally, and how it will deliver its' services. The structures and processes, risk management and other internal control systems are in place to manage the barriers to achieving organisational objectives.

3.2 The Local Code of Corporate Governance is reviewed on an annual basis by the Audit and Committee and was last reviewed in March 2016. Members and senior officers are responsible for putting in place proper arrangements for the stewardship of the resources at its disposal.

3.3 The key elements of the systems and processes that comprise the Council's Governance Framework are:

3.4 Identifying and communicating the authority's vision of its purpose and intended outcomes for citizens and service users

3.4.1 The Council's Constitution makes clear reference to the Council's purpose; how it operates; how it will engage citizens, the rights of citizens and the values of the organisation.

3.4.2 During the 2015/16 financial year the Council Corporate Plan clearly defined the Council's five priorities, which were:

- Thriving Economy
- Better Homes
- Empowering our Communities
- Caring for our environment
- Managing our resources

3.4.3 Quarterly Performance and Risk reports were taken to Committees to ensure that outcomes for citizens and service users were delivered.

3.5 Reviewing the authority's vision and its implications for the authority's governance arrangements

3.5.1 Following the election in 2015, the Council reviewed the Corporate Plan. This process involved officer and Member input as well as public consultation. The Plan was approved by Council in February 2016, along with the budget and came into effect from 1st April 2016. The

**MID DEVON DISTRICT COUNCIL
ANNUAL GOVERNANCE STATEMENT 2015/16**

new Corporate Plan covers the period of 1st April 2016 to 31st March 2020. The new priorities are Economy, Homes, Community and Environment.

3.5.2 The Council's Corporate Plan outlines the authority's vision and is aligned to the Governance framework in the following ways:

- The Corporate Plan is linked to both the Medium Term Financial Plan and the Workforce Plan to ensure that the implications on the Council's finances and workforce are considered when the vision and priorities are set.
- The Corporate Plan is available to local people on paper or on the internet, and copies can be made available for people in alternative formats.
- Every report (whether it be to the Cabinet, Scrutiny Committee, Audit Committee, the Policy Development Groups or a Regulatory Committee) includes a section on the relationship to the Corporate Plan.
- The Council's performance reporting system (SPAR.net) includes all of the performance indicators associated with the Corporate Plan. Reporting of performance against targets is mandatory throughout the Council, and has been reported to the PDGs, Scrutiny Committee, Audit Committee and Cabinet on a quarterly basis in 2014/15. Where performance against target is unsatisfactory or not reported, the responsible officer is required to offer an explanation to Management Team.
- There are strategies and action plans that sit below the Corporate Plan forming the policy framework. This is reviewed annually and was last approved by Cabinet on 11th February 2016.
- At Council on 26th April 2016, it was agreed that a 4th PDG be set up so that the PDGs mirror the four corporate priorities. This change came into effect from the start of the new municipal year.

3.6 Translating the vision into objectives for the authority and its partnerships

3.6.1 The Council's Corporate Plan contains the vision of the Council and sets out the top level objectives for delivering this vision in the areas listed in section 3.4.2 and 3.5.1 with targets covering the four year period of the Corporate Plan. Where appropriate there are strategies and action plans that link to the corporate priorities as per the Council's Policy Framework.

4.2 The effectiveness of the governance framework has been evaluated through:

- The Head of Communities & Governance in her role as Monitoring Officer has a duty to monitor and review the operation of the Council's Constitution to ensure that its aims and principles are given full effect. The Council reviews the Constitution regularly to incorporate any necessary changes.
- The Head of Finance in his role as the Chief Financial Officer and Section 151 Officer has a duty to lead and direct financial strategy and operations. This includes regular communication and provision of financial information to officers and Members
- The role of the Cabinet is to exercise all of the Council's functions which are not the responsibility of any other part of the Council. The Cabinet provides leadership to the overall activities of the Council.
- The Council has a Scrutiny Committee, which has the role of reviewing and scrutinising decisions made or actions taken in connection with the discharge of any of the Council's functions. They can look at particular decisions in depth, before making recommendations to the Cabinet as well as being able to 'call-in' a decision that has been made by the Cabinet but not yet implemented, to enable consideration as to whether the decision has been made in accordance with the proper process as laid out in Article 12 of the Constitution.
- The Council has an Audit Committee to provide effective leadership to the Council on audit and governance issues, and independently contributes to the overall process for ensuring

that effective systems are maintained for internal control, risk management and corporate governance.

- The Council's Standards Committee role is to promote and maintain high standards of conduct by Councillors and co-opted members as well as reviewing and monitoring the Code of Conduct for members. The Code of Conduct includes specific reference to the Register of Members' Interests, procedures for declaring interests at Committee meetings and protocols for accepting gifts and hospitality and member/employee relations. The Standards Committee also advises and trains members of the Code of Conduct and deals with any alleged breaches to the Code. The Standards Committee also had an overview of complaints handling and Ombudsman investigations, as well as dealing with local investigations.
- The Council has an Internal Audit section, which is totally independent of any service area, with the Audit Team Leader reporting to the Head of Communities & Governance who reports directly to the Chief Executive. The Head of Communities & Governance and Audit Team Leader regularly report to the Audit Committee and present the following reports on an annual basis:
 - Four-year Strategic Audit Plan (March)
 - Annual Audit work plan (March)
 - Internal Audit Strategy (March)
 - Internal Audit Charter (three yearly next due March 2017)
 - Regular reports outlining progress against the annual audit work plan
 - Outturn Internal Audit report (covering the whole financial year) (June)
 - Risk and Opportunity Management Strategy (March)
 - Code of Corporate Governance (March)
 - Annual Governance Statement plus progress reports
 - Performance and Risk Report
 - Whistle-blowing Policy (four yearly next due 2018)
 - Anti-fraud and Anti-Corruption Policy (four yearly next due 2018)
 - Anti-Money Laundering Policy (four yearly next due 2018)
 - Data Quality Strategy and Action Plan (four yearly next due 2018)
- Reviews of the Council's key (core) financial systems by Internal Audit against known evolving risks on an annual basis. Cyclical reviews by Internal Audit of internal controls in operation within each service area against known and evolving risks – e.g. changes to systems of staff

- The relevant Head of Service, Chief Executive and all five Members of the Audit Committee receive copies of Audit reports. Any issues arising from these reports are discussed at the Audit Committee.
- Annual Internal Audit outturn report, to the Audit Committee for 2015/16, highlights the work of Internal Audit including an opinion on the overall adequacy and effectiveness of the Council's internal control environment
- Annual reviews of the Council's financial accounts and records by the external auditor leading to their opinion as published in the Annual Audit and Inspection Letter and Governance Report
- Strategic risk review and evaluation of controls in place to manage risks together with the commencement of specific project risk assessment
- External Audit and Inspection also contributes to the review of effectiveness.

4.3 We have been advised on the implications of the result of the review of the effectiveness of the governance framework by the Audit Committee, and that the arrangements continue to be regarded as fit for purpose in accordance with the governance framework. The areas already addressed and those to be specifically addressed with new actions planned are outlined below.

5.0 SIGNIFICANT GOVERNANCE ISSUES

- 5.1 At the current time, there are no significant governance issues but a number of recommendations for improvement are set out in Appendix C. The action plan details the governance issues that have been identified, the proposed action, the responsible officer and the target date for completion.
- 5.2 The work of Internal Audit identified four systems that were classed as poorly controlled – Vehicles and Fuel, Council Tax/NNDR & Recovery Appraisals & Training and Procurement.
- 5.3 Vehicles & Fuel – Most of the recommendations made have been completed with only 3 out of the 12 recommendations made remaining outstanding. Although these are overdue none of them are high priority, the delay has occurred because of major events in another service managed by the same manager, some of which could not have been foreseen. Council Tax/ NNDR – This was graded as poor due to escalation as recommendations had been outstanding for some years.

ANNUAL GOVERNANCE STATEMENT 2015/16**

It is pleasing to note that 4 out of the 6 recommendations have already been completed and the remaining 2 are not yet due having not yet reached their revised target dates. Appraisals & Training – A new manager is in place and new means of prioritising mandatory training and controlling budgets is being put in place for the next round of budgeting in June for (2017/18). Procurement – The main weakness was due to service managers not being aware of the rules. The Procurement Manager has already begun an extensive programme of training for service managers responsible for procurement. 1 area was given a poor opinion in 2014/15; this was the Time Recording system. Some improvements have been made since the audit but there are still recommendations outstanding.

- 5.4 The Audit Committee will continue to receive regular reports on the progress being made on implementing Internal Audit recommendations throughout the financial year.
- 5.5 We propose over the coming year to take steps to address the above matters to further enhance our governance arrangements. We are satisfied that these steps will address the need for improvements that were identified in our review of effectiveness and will monitor their implementation and operation as part of our next annual review.
