ECONOMY PDG 15 SEPTEMBER 2016

FINANCIAL UPDATE FOR THE THREE MONTHS TO 30 JUNE 2016

Cabinet Member Cllr Peter Hare-Scott

Responsible Officer Andrew Jarrett - Director of Finance, Assets &

Resources

Reason for Report: To present a financial update in respect of the income and expenditure so far in the year.

RECOMMENDATION(S): The Cabinet note the financial monitoring information for the income and expenditure so far for the 2016/17 financial year.

Relationship to the Corporate Plan: The financial resources of the Council impact directly on its ability to deliver the corporate plan; prioritising the use of available resources brought forward and any future spending will be closely linked to key Council pledges from the updated Corporate Plan.

Financial Implications: Good financial management and administration underpins the entire document.

Legal Implications: None.

Risk Assessment: Regular financial monitoring information mitigates the risk of over or underspends at year end and allows the Council to direct its resources to key corporate priorities.

1.0 Introduction

- 1.1 The purpose of this report is to highlight to Cabinet our current financial status and the likely reserve balances at 31 March 2017. It embraces both revenue, in respect of the General Fund and Housing Revenue Account, and capital and aims to focus attention on those areas which are unlikely to achieve budget. It is particularly important for next year's budget setting and, looking further ahead, with the medium term financial plan.
- 1.2 Favourable variances generating either increased income or cost savings are expressed as credits (negative numbers), whilst unfavourable overspends or incomes below budget are debits (positive numbers). This report only includes budget variances in excess of £10k as the purpose of the report is to concentrate on material issues that may require further investigation/action. Budget variances are expressed net of budgeted transfers to or from earmarked reserves, which were previously approved by Cabinet. A more detailed analysis will be provided with the final outturn report for the year.

2.0 Executive Summary of 2016/17

2.1 The table below shows the opening position of key operational balances of the Council, the forecast in year movements and final predicted position at 31 March 2017:

.

Usable Reserves	31/03/2016	Forecast in year movement	31/03/2017	
	£k	£k	£k	
Revenue				
General Fund – see note	(2,211)	202	(2,009)	
Housing Revenue Account	(2,000)	0	(2,000)	
Capital				
Major Repairs Reserve	0	(166)	(166)	
Capital Receipts Reserve	(1,442)	362	(1,080)	
Capital Contingency Reserve	(567)	285	(282)	

3.0 The General Fund Reserve

- 3.1 This is the major revenue reserve of the Council. It is increased or decreased by the surplus or deficit generated on the General Fund in the year. This reserve held a balance of £2,211k as at 31/03/16.
- 3.2 The forecast General fund *deficit* for the current year is £202k as shown at Appendix A. The most significant *service* movements to date comprise:
 - £226k spent on moving to the new Waste depot, including fit-out costs
 - £155k forecast overspend on Leisure
 - (£130k) additional Housing Benefit subsidy
 - 3.3 The major variances are highlighted at Appendix B. The current incomes from our major funding streams are shown at Appendix C, whilst current employee costs are shown at Appendix D.

4.0 Housing Revenue Account (HRA)

- 4.1 This is a ring-fenced account in respect of the Council's social housing function. Major variances and proposed corrective action are highlighted at Appendix F.
- 4.2 Appendix E shows that the reserve opening balance is £2m. It is anticipated that any variance at year-end will affect the budgeted transfer to the Housing Maintenance Fund and so the HRA reserve balance should remain at £2m.
- 4.3 Overall, the HRA is forecast to overspend by £133k in 2016/17. The most significant items of the forecast overspend comprise the following.
 - £109k of extra spend on works carried out this year that relate to the previous year's contract
 - £100k reduction in the major works carried out by the DLO in void properties and £25k reduction in electrical testing
- 4.4 There are budgeted revenue contributions to capital projects as follows for 2016/17.

Description	Budget £'000	Forecast Outturn £'000	Variance £'000
1 x Tipper Vehicle	24	24	0

4.5 The following works are expected to be funded from the Housing Maintenance Fund during 2016/17.

Description	Budget £'000	Forecast Outturn £'000	Variance £'000
Birchen Lane re- development	40	40	0
Palmerston Park	2,339	2,339	0
Queensway development	299	299	0
Burlescombe development	424	424	0
Stoodleigh development	223	223	0
	3,325		

In addition, £25k is planned to be spent on sewage treatment works and funded by an earmarked reserve.

5.0 Major Repairs Reserve

5.1 The Major Repairs Reserve had a nil balance at 31 March 2016. After this year's capital expenditure and funding of the Major Repairs Reserve the closing balance is forecast to be £166k.

6.0 Capital Programme

- 6.1 Capital projects by their very nature often overlap financial years. In some cases it is known from the outset that the construction of buildings may fall into 3 separate accounting years. The status of this year's capital programme is shown at Appendix G.
- 6.2 Committed and Actual expenditure is currently £6,372k against a budgeted Capital Programme of £15,710k. (Note this includes £7,669k of slippage rolled forward from 15/16). As projects often overlap financial years officers have given their best estimate of what is 'deliverable' in 16/17; this amounts to £11,333k. Committed and Actual expenditure will therefore be monitored against this & currently shows an uncommitted amount of £4,961k (£11,333k £6,372k).
- 6.3 At this early stage in the year there are no forecast underspends / overspends for 2016/17. However there is a small amount of slippage predicted in relation to works required to maintain our council houses £166k and renewable energy related projects also associated with our housing stock £75k, these monies will be reprioritised for spending in 2017/18.

7.0 Capital Contingency Reserve

7.1 The Capital Earmarked Reserve has been set aside from Revenue to fund Capital Projects; the movement on this reserve is projected below:

Forecast Balance at 31 March 2017	(282) ====
Capital Earmarked Reserve at 1 April 2016 Funding required to support 2016/17 Capital Programme	(567) 285
	211

8.0 Capital Receipts Reserve (Used to fund future capital programmes)

8.1 Unapplied useable capital receipts are used to part fund the capital programme, the movement on this account for the year to date is given below:

Unapplied Useable Capital Receipts at 1 April 2016 Net Receipts to date (includes 3 RTB's)	£k (1,442) (177)	
Current Balance Forecast further capital receipts in year Forecast capital receipts to be applied in year	(1,619) (531) 1,070	
Torocast capital receipts to be applied in year		

(1,080) ----

£k

8.2 Please note these balances on the Capital Contingency Reserve and the Capital Receipts Reserve are likely to be required to balance the MTFP that will be brought to the October Cabinet.

Forecast Unapplied Capital Receipts c/fwd. 31 March 2017

9.0 Treasury Management

9.1 The interest position so far this financial year can be summarised as follows:

Interest Receivable:

		Forecast	Forecast
	Budget	outturn	variance
	£k	£k	£k
Investment Income Received	171	171	0
Interest from HRA funding	54	54	0
Total Interest Receivable	225	225	0

10.0 Conclusion

- 10.1 Members are asked to note the revenue and capital forecasts for the financial year. This report only covers the first quarter, which is early to identify end of year positions. Cost pressures and income trends will become more apparent as we progress through the year.
- 10.2 The Finance team have already commenced working on the 2017/18 budgets and are working with service managers to produce proposals for the policy development groups in the Autumn. As emerging trends develop in the current year any future impacts will be factored into next years figures.
