COMMUNITY WELL BEING PDG 6 JUNE 2017

TAP FUND 2016/17 SUMMARY OF SPEND

Cabinet Member Cllr Colin Slade

Responsible Officer Stephen Walford, Director of Growth

Reason for Report: To provide Members with a summary of spend for the Town and Parish (TAP) Fund in 2016/17 and to inform them of any changes to criteria for 2017/18.

RECOMMENDATION(S): The report is noted.

Relationship to Corporate Plan: The report relates to Aim 1 of the Community Priority 'Support local communities to retain and develop their local facilities and services'.

Financial Implications: The Council contributes £0.10 per elector, amounting to £5,884. This is already budgeted for.

Legal Implications: Failure to have an efficient and effective process in place for administering the TAP Fund could result in legal challenge and adverse publicity for the Council.

Risk Assessment: Failure to have an efficient and effective process in place for administering the TAP Fund could result in legal challenge and adverse publicity for the Council.

1.0 Introduction

- 1.1 The Town, Parish and Community (TAP) Fund (formerly known as the Town and Parish Fund) can be used by towns and parishes working together to respond to community issues of shared interest and/or concern.
- 1.2 The scheme is also known as the '£1 per Elector Fund' whereby each town or parish area is allocated £1.00 from Devon County Council (DCC) and £0.10 from Mid Devon District Council (MDCC) for every elector in the parish using figures based on the electoral register. For the 2016/17 TAP Fund, these figures were based on the February 2016 electoral register.
- 1.3 The TAP Fund is a useful way of supporting a wide range of local projects across the district, such as:
 - **local economy, employment and welfare** (for example community shops, food banks, homelessness)
 - **community events and celebrations** (for example seasonal celebrations, trips, visits, commemorations, memorial events)
 - **community facilities** (for example village hall/community facility improvements)

- sport, leisure, arts, heritage, culture (for example youth clubs, libraries, allotments, theatres, plays, music)
- highway improvements (for example grit bins. sians. safetv improvements, bridges, traffic regulation orders, rights of way, weeds)
- 1.4 Constituted community and voluntary groups (including 'Friends of' groups), registered charities, faith groups and social enterprises may also apply for funding, ideally via their local town or parish council.
- 1.5 As well as contributing £0.10 per elector, amounting to £5,885 in the 2017-18 financial vear. Mid Devon District Council also administers the scheme on behalf of Devon County Council. The amount of time needed to respond to enquiries, receive and process applications, convene meetings of the County Committee and process payments amounts to at least 20 days of officer time per year.

2.0 Changes from 2015/16

- 2.1 A number of changes to the TAP Fund process (recommended by Devon County Council) were introduced in 2016/17. These included:
 - TAP money was clustered by County Ward (instead of previously being clustered by parish).
 - There were two funding rounds (instead of open applications throughout the financial year). The TAP Fund was split into two halves; half available to allocate for each round of funding. Any unallocated TAP money left over from round one was carried forward to round two.
 - The Unallocated TAP money from 2015/16 went into one Mid Devon Underspend Pot (available for allocation to any of the projects from across the District).

3.0 2016/17 Summary of Spend

3.1 The table below outlines the 2016/17 summary of spend per County Ward:

		Allocated	Allocated	Total	Balance
	Total 16/17	spend in	spend in	Allocated	
County Ward	Budget	round 1	round 2	Spend	
Crediton Rural	£10,685.40	£4,310.00	£6,375.40	£10,685.40	£0.00
Cullompton Rural	£11,628.10	£5,814.05	£5,814.05	£11,628.10	£0.00
Newton St Cyres and Sandford	£9,960.50	£4,980.25	£4,980.25	£9,960.50	£0.00
Tiverton East	£10,869.10	£5,434.55	£5,434.55	£10,869.10	£0.00
Tiverton West	£10,528.10	£5,264.05	£5,264.05	£10,528.10	£0.00
Willand and Uffculme	£11,196.90	£5,598.45	£5,598.45	£11,196.90	£0.00
Underspend Pot	£7,289.22	£1,779.72	£5,509.50	£7,289.22	£0.00
TOTAL	£72,157.32	£33,181.07	£38,976.25	£72,157.32	£0.00

- 3.2 An additional £3,136.40 was added into the Underspent Pot from the original advertised budget from unclaimed TAP money from previous rounds (due to cancelled projects or projects costing less than amount offered). The updated budget is shown in the table above.
- 3.3 We received a total of 101 applications in 2016/17. This is a 25% increase from the next highest number of applications received (which was 81 in 2015/16).

3.4 Of the 101 applications:

- 21 were received in Round 1 and 80 were received in Round 2. Total funding requested from those 101 applications exceeded £170,000.00, of which £109,000.00 was requested from Round 2 (nearly three times the budget available for this round).
- 12 did not proceed past the enquiry / initial application stage (the applicants either withdrew their application or did not proceed with making a formal application for funding).
- 59 applications were successful in being allocated funding (4 of which were conditional awards).
- 2 applications were deferred (1 carried forward from Round 1 to Round 2 and carried forward to 2017/18). Another application was received (and counted twice) but only awarded once.
- 27 applications were declined either due to the application not meeting the TAP Fund criteria or due to inadequate funding during that round.
- Despite the increase in applications, there were still 31 parishes that did
 not make a TAP Fund application this year (three of these are under one
 umbrella council and two of the parishes are not currently represented by
 a parish council or meeting). However, this is still 50% of Mid Devon's 62
 towns and parishes that did not apply.

4.0 Feedback on 2016/17 and Changes to 2017/18 TAP Fund

- 4.1 The new TAP Fund process appears to have achieved its aim with more applications coming forward and we are already receiving enquiries for 2017/18. However, we are always looking for ways to streamline the process in order to reduce the amount of officer time employed.
- 4.2 Several applications received either did not have the application form completed correctly or did not provide the full information required to support their application, which required contact with the applicant to request this additional information. As a result of this we have made some revisions to the application paperwork and process including:
 - Simpler paperwork: we have simplified the application form and removed some of the fields for personal information (such as payment details) so that forms can be completed electronically and shared with parish councils as needed without the need for redaction. Successful applicants

will be asked to provide payment details following funding decisions at panel.

- Addition of checklist to application form: so that applicants can make sure they have included all of the required supporting information.
- 4.3 The 2017/18 TAP Fund opens for applications from 01/07/2017 with 30/09/2017 as the deadline for round 1 and 28/02/2018 for round 2. The website will contain the latest criteria and paperwork. Please encourage any parish councils and community organisations to apply.
