How does CAG Devon support local groups?

How are we measuring our outputs?

The screenshot shows a web browser window displaying the 'ResourceCommunityImpactsTool' website. The browser's address bar shows the URL 'www.resource-cit.co.uk/reports'. The website has a dark header with the logo and navigation icons. A left-hand sidebar contains menu items: Home, Programmes / Groups, Activities, Reports (highlighted), Impact Report, Return on Investment, FAQs, and Video Tutorials. The main content area is titled 'Reports' and includes a summary paragraph, a 'PROGRAMMES / GROUPS' section with a '7 active' indicator, and a table of key metrics. The table lists 'EVENTS / ACTIVITIES' (35), 'ATTENDEES' (2,388), and 'VOLUNTEER HOURS' (577). Below the table is a 'Submissions per Category' section with a 'View Table' button and a pie chart. The pie chart is divided into two segments: a green segment labeled 'Community Engagement' and a blue segment labeled 'Waste'. On the right side of the page, there are three report sections: 'Impact Report' with a 'View Impact Report' button, 'ROI Report' with an 'ROI Report' button, and a 'Print' button at the top right. The Windows taskbar at the bottom shows various application icons and the system clock indicating 23:27 on 09/07/2017.

Reports

This page provides a summary of the activities which have been submitted. The text below provides information about the number of activities entered, the number of attendees and the time spent by both volunteers and attendees at the activities. Below the text summary there are a number of charts which break these totals down further to look at the information by category (e.g. the total number of activity submissions is broken down into the number of submissions by category)...[Read more](#)
